Collect Exhibits.

The following letter was received by County Judge Swope and Commissioners Fogarty and Thompson. It is hoped our citizens will assist in the work:

"Portland, Or., May 15.
"Dear Sir:—The Oregon Commission to the Alaska-Yukon-Pacific Exposition is glad to inform you that the Oregon Building, now under construction at Seattle, and will be completed in due time for the coming Exposition, and will be the largest and most complete state building on the grounds.
"We propose to make a collective exhibit of the state's resources in this building, and it is of the utmost importance that we have a thorough and attractive exhibit from every county.
"You can readily see that we must have your hearty cooperation in this matter, and that the gathering of an exhibit must commence at once. We will have to use the crops this year, as the Exposition open the first of June, 1909, too early for next year's crop. Your grasses will soon be ready for harvest and it is important that you gather them at the proper time. If they are over-ripe they will not do for exhibition purposes; hence you see the necessity of acting promptly. We will visit your county some time in June or July and will be glad to assist you in the work, though it will be necessary for you to begin collecting your exhibit before we see you.
"The expense to your county in collecting such an exhibit will not be large. Get live man to take hold of the work and push it, bear in mind that it is QUALITY, not quantity, that is wanted. After you have gathered your exhibit we will transport it to Seattle, install and maintain it without further expense to your county. We will also place an attendant in charge and will keep in close touch with you during the Fair, so that your county will get all the benefits possible in the way of advertising, etc.
"The Commission is also having a 96-page booklet on the resources of Oregon which will be distributed during the the Exposition. Two pages of this booklet will be devoted to each county. We also intend to show by moving pictures the farms, orchards, live-stock, timber, mountains, streams, and everything of interest in each county.
"We must have your co-operation in the gathering of your exhibit. If we were compelled to buy these exhibit the state would have to double its present appropriation, but with your assistance we hope to carry out our present plans without asking for any further appropriation.
"Trusting to received an early reply saying you are with us in the work, thanking you in advance for giving this your prompt attention, we are,
Yours very truly,
W. H. WEHRUNG, President."

A vast area of Klamath, Harney, Lake and Malheur counties, comprising some three hundred thousand acres, is to be opened for settlement. Much capital is behind the enterprise and this project must of necessity attract enormous attention to that great portion of Oregon, which only needs improved transportation facilities to make it one of the most productive and popular sections of the Northwest, and the rapid settlement of these lands will force the building of the transportation lines.

The Hood River Commercial club, through its officers, is asking the cooperation of the commercial bodies of the state in favoring the establishment of Hood River.

Biliousness and Constipation.
For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts Birmingham, Ala. These tablets are for sale by Otto O. Krogstad.

To Old Comrades.
