Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Otto O. Krosgstad.

Don't you want to own a whole brass band, an orchestra and a lot of enchanting opera singers? All these and lots of entertainment besides are included in an Edison or a Victor phonograph. See them at Krosgstad's.

The Mask Torn Off.
Salaried "Officials" of the Anti-Saloon League Let Cat Out of the Bag (To the Editor)
The Rev. J. E. Knodell of Portland, one of the many salaried "superintendents" of the Anti-Saloon League, stated the other day that the local option elections this year were only preliminary skirmishes. He said that the real idea was to obtain prohibition for the entire state of Oregon in 1910, two years from now. That lets the cat out of the bag.
The people were assured four years ago that

the local option law was merely intended to protect residence districts against the encroachment of the saloon.
"We are not prohibitionists," cried the supporters of the bill. "We are only local optionists." To those who claimed that the local option law was merely prohibition in disguise, its supporters presented an unbroken front. When taxed with the fact that their law was unfair they replied by asking the public to read it. A. The law was 22 pages in length the public would not bother itself by making a more careful investigation.
When they were confronted with the fact that states and communities which adopted prohibition grew poor and lean, they said it was not so. When they were shown that the United States census proved that only three states in the Union had ever decreased in population, and that two of them were prohibition states, they said "Do not worry. This is only a local option law. We are not in favor of prohibition."
When this same crowd of salaried agitators was asked if taxes were not generally higher in prohibition communities than in communities which hauled the liquor business under the license system, they were quick to answer "It is not so, but even if it were, it does not matter, for this is local option, not prohibition."
And now the cat is out of the bag. They are not local optionists. They are prohibitionists after all. The opponents of the local option law were right. It really was prohibition in disguise. And the scheme of the smart attorneys, lecturers and orators, who make a fat living out of this prohibition agitation, is quite plain. The scheme is to start in quietly; to hold elections in precincts in which there are no saloons, never were any saloons, and probably never would be any saloons. Such precincts being frightened with the absurd question, "Do you want a saloon next your home?" were easily put in the dry column. Then by adding each year to the dry territory acquired in this way, they have finally reached that state of arrogance in which they have thrown aside the mask and boldly declared for state prohibition two years from now. Voters have been fooled with this kind of fraudulent election long enough.
Prohibition accomplishes nothing for real temperance or for morality. Bankruptcy does follow prohibition and the United States census reports prove this beyond a doubt. Here and there a prohibition orator may find a prohibition town or a small community which has been fairly prosperous even in spite of prohibition. There are exceptions to all rules but government figures which do not lie, prove that prohibition is not only a mark of a stagnant community, but is a blight to a prosperous one.
Prohibition in Oregon would cause 2500 buildings to become vacant and would throw out of employment 3000 men and deprive 4000 families of their livelihood. Where is the prosperity in this.
Remember a vote for local option now is a vote for prohibition in 1910. **E. WARD.**
