There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy.  "When you were in Rome, of course, you did as the Romans do."

**Why He Could Not Change.**  
 The story is told of a Dutchman who certainly needed the services of the famed "Lady from Philadelphia" if ever anyone required her assistance.

He was assigned to a seat in the coach which obliged him to ride backward through the Black Forest. At the first stopping place he asked the postmaster to give him another seat, saying it made him ill to ride backward.  
 "Ask the man opposite to change with you," said the postmaster, gruffly.  
 "But there is nobody opposite me," complained the Dutchman, "so I cannot ask him."—Youth's Companion.

**Purely Relative.**  
 "My dear friend, don't you know there's no such thing as matter?"  
 "If I weighed only ninety-five pounds, as you do, I might easily believe that; but I weigh 245, and I'm harder to convince."

**Child Management.**  
 I don't like punishments. You will never torture a child into duty, but a sensible child will dread the frown of a judicious mother more than all the fods, dark rooms and scolding school-mistresses in the universe.—White.

**Just Picked It Up.**  
 "Yes," said Mrs. Newrich, shortly after her return from a trip across the pond, "France is a great country and the people in Paris are amazingly clever."  
 "In what way?" queried Mrs. Homer.  
 "Why, they all speak French fluently," replied Mrs. Newrich, "and several of them assured me they had never taken a single lesson in the language."

**Harriman's Illustration.**  
 E. H. Harriman the other day was discussing the recent drop in securities and claimed that it was inadvisable to legislate too harshly against what he regarded as vested interests. The present situation reminded him of a school-teacher who suddenly asked a boy:  
 "What are you fumbling with?"  
 The boy's next-seat neighbor said Johnny had a pin.  
 "Take it from him and bring it to me," said the teacher. This was done, whereupon the schoolma'am ordered Johnny to recite his lesson. The boy grinned and sat still.  
 "Stand up, I tell you," commanded the teacher.  
 Then the lad blurted out: "I can't, ma'am. That there pin what you have was holdin' up my pants."

**The Autoer.**  
 It looked like rain, but the umpire did not hesitate.  
 "Play ball!" he commanded.  
 Instantly the threatening rain turned to hail.

**"Bouncer" Twenty Years After.**  
 The perfect skeleton of a cat was found between the walls of the old Corby building in Bloomfield Centre this morning by men in the employ of William R. Raab, a contractor, who is remodeling the structure for the grocery firm.

It was recognized by one of the older residents as the remains of "Bouncer," a cat that disappeared suddenly about twenty years ago. "Bouncer" was a famous fighter of dogs, as well as rats, and had whipped nearly every canine in town, until one day he ran across "Gyp Sleggers," a dog with a record for cats, known by almost everybody.  
 "Gyp" and "Bouncer" had it hot and heavy for a time, but the dog was too much for the cat, and the latter was chased up a dark stairway leading from Abel Baker's old store, and in some manner fell between the walls and was unable to get itself out. For a time it was believed that the building was haunted, but the cries came from poor "Bouncer."—Newark Advertiser

**HOUSEHOLD TALKS**

**Serving Pudding.**  
 Even an ordinary pudding of a creamy nature takes on a new appearance if served in the tall-stemmed sherbet glasses. A tasty pudding served in this way at a recent dinner was made with rice and chocolate, topped with whipped cream. The pudding is made in the same way as the ordinary creamy baked rice pudding except that grated chocolate is added. A baked custard, topped with whipped cream and dotted with Maraschino cherries, came to the table in sherbet-glasses the other day.

**Strawberry Cream Pufflers.**  
 Mix together one cup of fine bread crumbs, one beaten egg, one tablespoon of sifted pastry flour, a pinch each of salt and sugar, half a cup of mashed strawberries (sweetened) and sufficient flour, sifted with a teaspoon of baking powder, to handle. Form with floured hands into small, round balls, frying in deep fat to a golden brown, and roll while still hot in pulverized sugar. Serve with a hard sauce to which a few chopped berries have been added.

**Codfish Chowder.**  
 Brown one cup of finely minced salt pork and place it in the chowder kettle; add a layer of sliced raw potatoes, with a seasoning of salt and pepper, a layer of flaked and freshened codfish, a layer of broken milk crackers, sprinkled over with bits of butter, and, lastly, another layer of fish; pour on enough milk to cover and cook slowly until the potatoes are done; add a little more milk before serving, if necessary.

**Shoo Fly Cake.**  
 Five cups of flour, one and a half cups sugar, one cup lard. Mix these together, then take one and a half teaspoons soda to a little over a cup of boiling water, add one cup molasses, mix it all with the former except one cup; leave out this for the top of the cake. Bake in crust. It will make four good-sized "shoo flies."

**Cream Puffs.**  
 Cup flour, one-half cup butter, Cream butter and flour together till smooth, then add one cup boiling water. Stir all together. When cold add three eggs without beating them. Stir all well, drop in spoonfuls on pan and bake twenty-five minutes. When puffs are cold split at bottom and fill with cream filling.

**Chocolate Coating for Cream Mints.**  
 Melt sweetened or unsweetened chocolate in a double boiler until thick and smooth. Run a skewer into each mint and dip in the melted chocolate until thoroughly coated. If the mint is too hard to be impaled without breaking, dip it in with a pair of candy tongs. Lay the candies on wax paper to dry.

**Rhubarb Pudding.**  
 Chop rhubarb fine, put in a dish and sprinkle liberally with sugar. Make a batter of one cup sour milk, three eggs, one small piece butter, one-half teaspoon soda and flour sufficient to make a thick batter. Spread over the rhubarb and bake. Turn upside down on a platter. Serve with sugar and cream.

**Raspberry Shortcake.**  
 Make a good biscuit dough and roll into sheet half an inch thick. Spread on the bottom of a baking pan and cover with berries. Sprinkle thickly with sugar and lay over it another sheet of dough like that underneath. Bake in a steady oven, cut into squares and eat with butter and sugar.

**For Sandwiches.**  
 Remember that just a little mustard and cress seed planted every week from now onward through the summer will provide you with material for dainty tea sandwiches for hot days. Mustard should be sown three days after cress.

**Uncooked Eggless Chocolate Frosting**  
 Take about two tablespoons rich cream and into it beat all the pulverized sugar it will hold. When nearly stiff grate into it your chocolate. If it gets too stiff, dilute with a little more cream, then spread on your cake.

**Lemon Pie.**  
 Juice and rind of one lemon, one egg, one cup sugar, one cup cold water and one tablespoon cornstarch dissolved and put in when the mixture is warm. Bake between two crusts.

**Chop Kraut with Spade.**  
 Place your cabbage in a barrel in pieces till it is full and takes spade and chop it till the cabbage is fine. This is an easy way to make kraut.

**Smooth Grape Jelly.**  
 Let juice stand over night, the grit will settle to the bottom. Strain before putting in sugar and your jelly will be free from grit.

**S.S.S. CURES OLD SORES**

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

**Deafness Cannot Be Cured**  
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh of the Eustachian Tube, which is not a permanent condition, and will be cured by the use of our method. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
