The train schedule has been changed as Mr. O'Brien promised it would, and there has been no panic as the result, the Newport News-Reporter to the contrary.

We are compelled to omit the program for the carnival to be held here next week, beginning Wednesday, as the committees have not fully arranged it. However it will be arranged and printed in a poster.

One of the best things to ever happen to this Bay country is the change of the train schedule back to the old service. The people of the Bay appreciate the efforts of the management to give us the best possible service.

Don't knock—boost. Boost Lincoln county at every opportunity and on all occasions. Don't allow anyone to say a word against this country that is not true. Tell everybody you can of the good things to be found here. Boost and keep at it.

Postmaster Arnold calls attention to the fact that a great many un-mailable post cards are deposited in the mail each week that have to be withdrawn from the mail and sent to the dead letter office. Section 418, Par. 5, Postal Laws and Regulations reads as follows: Cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are un-mailable, except when inclosed in envelopes."

About that Recall.

Newport, Or., Sept. 30, 1908.

Editor LEADER:—Will you kindly give me space for the following letters in connection with the Waldport and Tidewater wagon road?

They are self explanatory, with the exception that Mr. Keady omits the part of the road the Forest-Ranger and the citizens were to build. I was assured when at Waldport that this piece of road would be open to travel this Fall, and it was this inducement that influenced the Court to grant four hundred dollars to open the remainder of this road. No doubt Mr. Durbin did all he could to open his share but he had too much road for his money, and the only part open to travel is that opened by the county.

JOHN FOGARTY.

HEADQUARTERS
REPUBLICAN COUNTY CENTRAL
COMMITTEE

FRANK L. BUKER, CHAIRMAN
WM. F. KEADY, SECRETARY

Waldport, Or., Sept. 11, 1908.
Commissioner Fogarty,

Newport, Oregon.

Dear Sir:—The taxpayers of this district are not satisfied with what has been done on the road up the river and believe they can show that the road was not built according to contract. A number of us have gone up and made measurements, and cannot find an eight foot solid road bed. We are going to investigate fully, and it is no more than right to tell you at this time that if the facts remain as we have them now we will do all we can to invoke the recall.

We know that if this road was accepted by you and ordered paid for out of the county fund that the county will have to do it all over again next spring, as we found only six and one-half feet to the outer edge of the fill in some very steep places where the first heavy rains will take half the road out. We made our inspection early and before any rains to speak of had fallen. The widest place we found, where a fill was required, was seven and one-half feet to the outer edge of the fill.

I am asking the Court for a copy of the contract and if it is as represented, we want to know why this road was accepted.

Supervisors Evens and Oglesby were both in Waldport the day you went up to look at the road, and it did not look like they should be left behind.

My personal action in the matter is not prompted by any prejudice or ill feeling toward you for I have hardly met you, and certainly have no reason to have any kick coming other than I would have against any Commissioner whom I thought had slighted the taxpayers.

Truly yours,
W. F. KEADY.

Newport, Or., Sept. 14, 1908.

Mr. Wm. F. Keady,
Waldport, Oregon.

Dear Sir:—Your favor of the 11th inst. is at hand. You do me the favor to state that you have no prejudice or ill feeling toward me, for which receive my thanks.

Yet, Mr. Keady, it does not take a very close analysis to discover some broad statements, as well as innuendo. For example, you state that "next Spring the county will have to do it ALL over again." You state "it did not look very well to leave Supervisors Evens and Oglesby behind." May I ask who left them behind? I did not see Mr. Oglesby until after I came back to Waldport

from the road, and if either of those gentlemen wished to go along they would have been more than welcomed by me.

Now, Mr. Keady, the facts in the case is what you want and I will endeavor to give them to you.

In the first place, when I went down to receive bids I found only one bidder—I will qualify this some. Mr. Doyal made a verbal bid for the first piece which amounted nearly to the entire sum allowed by the Court to do the work on both pieces,—this bidder was Mr. Kent, and he, after going over the road, was not very keen to bid. However, he took the work and opened a road, and in my judgment gave a fair equivalent to the county for his money. I stated to him and to others that this was an expensive year, we had three elections, and we could not do any more this year, but next year we hoped to have the county out of debt and would be able to give some more towards widening and building this road, also to build a bridge at Waldport before travel opened. I did not open the bid until the last moment, and used every effort I could to get bidders.

I did not receive the road outright, but conditional on his doing some more work in certain places, and in fact made no report until Court was in session. Before finally receiving the road I asked Albert McCleary, in the presence of Judge Swope, if Mr. Kent had done the work and Mr. McCleary said that Kent told him he had.

Now, Mr. Keady, didn't you have plenty of time to remonstrate before Court met? Do you believe in exacting seven or eight hundred dollars worth of work for four hundred, and then talk about fair play? Are you going to invoke the recall on the good citizens of Waldport and the Government agent whose judgment failed on their part of the work?

Mr. Keady, I am not in the cinching business. I believe in a fair, honest equivalent for your money, and if Mr. Kent did the extra work he agreed to do, and I was told he did, he earned his money and ought to have it, whether you invoke the recall on me or not.

With kindest regards, I am
Sincerely yours,
JOHN FOGARTY.
