for your canvass. Think you will have at least one hundred for that purpose. I know a number of republicans who will give a dollar to see Fogarty out and you have not a very hard man to beat if you get right at it. The evidence is so convincing that it could hardly be overlooked. Don't get tangled up in any way till you come here and see the thing as it is and go up and have a look at the road too. Kent has done a little more work on it as they have been pressing him for all they are worth to have the thing improved, but we will have affidavits to show that work was done after the road was accepted for the purpose of making it appear that we lied about it but it will not go as we are too strong for them.

Now Cook don't hesitate but get down here for it is a chance you will not get again. Let them think I will be out and that will probably leave the field clear for you and Fogarty, and that will be just the thing for you. Success to you.

Sincerely your friend,
(Copy) K.

Waldport, Or., Oct. 2, 1908.
Mr. H. H. Cook,
Toledo, Oregon.
My dear Cook:-

Enclosed you will find some papers of interest to look over.

If you can find a good socialist friend who will get the boys on it and return it to me we will see if the business of this county can be slighted in the future as it has in the past. It makes no difference who the contractor is or whether he earned his money. The people did not get the road contracted for and that is where we have a kick coming.

Archie Rowin started today up the Alsea to get signatures. We have done well getting them here at Waldport and on down the beach. We will have no trouble having the required number of 262 but want as many more as we can get.

The Attorney General does not have to pass his opinion on the recall. The law provides that the County Clerk must call an election if the petition is presented and no court has a right to inquire into the charges or to pass on their truthfulness.

Please get some action on this and get it into my hands as soon as possible. I want to file it on the ninth if possible but we have been delayed about getting the contract and other information for the voters who live in other parts of the county.

Sincerely your friend,
Ready.

P. S.

You will find that a few of Kent's friends here will not sign but that is local. Others of your party will readily sign I think. The republicans and democrats as a rule are willing to let things go as they may but it falls to the lot of the socialist party to get in and show the others that a law has at last been passed which gives a minority party a chance to do a little cleaning up in the political field.

MORE THAN ENOUGH IS TOO MUCH.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by Otto O. Krogstad.

Eddyville School Notes.

On the evening of October 9, there was a pleasant basket social at the Eddyville schoolhouse. There was a good program and Tom Warnock sold the baskets for \$58.75. Marion Hunt donated \$2.50. A chapel organ has been ordered from Eiler's piano house. The pupils are preparing another program, for a free entertainment on Saturday, November 7th, as a thanks offering to the many friends who assisted in procuring the coveted organ.

There will be singing at the school house every Wednesday evening and every Sunday morning. All are cordially invited.

Waldport Items.

C. T. Goin and Jesse Goin are visiting Waldport relatives.

Capt. Tyler, of Newport, came down Saturday and took the Condor to sea.

The Waldport Commercial Club has joined the Oregon Development League. The League now has eighty-three members.

John Flemming Wilson, of the Newport Mail, has been spending a few days in Waldport investigating the road controversy. We may expect some good reading matter in this week's issue.

Bart McKinney, formerly of Waldport has returned. Bart cannot find a vacant house here and is talking of taking a homestead on the north side of the bay.

Frank L. Buker returned Saturday after attending the Toledo Fair and a session of the Executive Committee which was held Thursday. Frank says he will see that Waldport has some exhibits next time.

The Condor arrived in Alsea Bay October 8th in command of Capt. Theorin. Shortly after she arrived a dispute arose between George F. Wittmer, a stockholder in the Lumber Company, and the Captain, over some papers which Mr. Wittmer had in his possession. A fictitious encounter was the result. Mr. Wittmer swore out a warrant for the captain and attempted to have him placed under bonds to keep the peace but Justice Goin could not see any reason to expect any more trouble so the captain was released, not however until he had missed the stage for Newport.

The Lincoln County Booklets have at last arrived in Waldport. The Commercial Club received five sample copies on the 7th and are assured the others will be along in a few days. These booklets are very satisfactory to the local club and Waldport certainly got her money's worth very much contrary to the prediction of some of the old timers who refused to take a hand in assisting the Newport Club in getting the booklet out. We predict that a second edition of these beautiful booklets will have to be issued.
