Our Assessment.

Last Monday morning Assessor W. E. Ball turned the tax rolls over to County Clerk Wade. Mr. Ball has worked hard and faithfully on this roll, and having a new law to work under and with the affairs of the office in very bad shape when he took charge, he and his assistants are deserving of much credit for the work done.

The total valuation of this year's roll is $6,267,564.00 or about $3,667,500.00 higher than last year's valuation. Last year the County Court levied a tax of 17.16 mills to raise $28,000 to meet this year's expenses. This year a levy of 6 mills on the total valuation would bring $37,605, or $9,605 more than the 17.16 mills did on last year's valuation.

Following is the assessment and valuation:

Tillable lands, 5,470 acres		$255,663
Non-tillable, timber, etc.		4,322,746
Improvements on deeded lands		157,843
Town lots		430,675
Improvements on town lots		160,842
Improvements on land not deeded		35,100
Railroad bed, 43 miles		308,310

Telephone and telegraph lines, 224 miles		5,848
Boats and machinery		41,227
Merchandise, stocks in trade		181,810
Farming implements		17,081
Money		15,452
Notes and accounts		46,734
Household furniture		75,151
Horses, 936, value		49,761

Charles Bradeson and Ed Altree, who have the contract of making the fill and corduroying the road in front of Gantzon's and Hoeflein's places are rushing the work as rapidly as possible and will be ready for the corduroy by the first of next week. The City Council did a good job when they ordered this work. Now, when that Siletz wagon road is opened up through Run Bottom, which has long been promised, it will be an easy matter for people living on the two principal roads leading out of Toledo to reach town winter or summer.

In his "The Time and the Opportunity" article in another column Mr. Stewart hits the nail on the head when he advises our people to get busy and help themselves. This railroad is needed and is sure to come, but the sooner it is built the sooner our country will forge ahead as it should. We need that Salem-Falls City road. It is but a short distance to Salem by that route—about the same distance from Toledo to Salem as it is to Corvallis. With that road we would be about the same distance from Salem as is Astoria. Then we would get a large share of the summer visitors that go to Seaside. It is hard to estimate the value of the lumbering and other industries that would open up in this county when this railroad is built. Let us all get busy like we did with the shipyard and build or see that this road is built.

Boosting For Lincoln County.

The following letter from a gentleman who spent a few days in this county last summer shows what others think of our country. His suggestion that we appoint a committee to meet all strangers as they arrive in our county and point out to them the many advantages we have to offer is a good one, but we believe every man woman and child in the county should consider themselves a committe of one to do this work. We have very few if any knockers but we have not enough boosters:

Charles City, Iowa, Oct. 12, 08
Collins & Hayden, Toledo,

Gentlemen:-Inclosed find postal note $1.50 for one year's subscription. I enjoy reading your paper and like to see you boost the country. I have sent two families out in your neighborhood since I came home, they have located near Summit. Do you think a clothing and gents furnishing stock of about $8,000.00 to $10,000.00 will pay in your town? What show is there to get a building in a good location? Have a standing committee. When you see a man from the East looking, make it a point to have one of your committee to give him some attention, nine times out of ten you will make a good impression, and may land him for the town and neighborhood. It will pay better than any other advertising. I am interested in that country and will do all I can to send people your way, but take care of them when they get out and not let them get away. Yours Very Truly,

O. B. DURDALL.
