**A Bright Future for Lincoln County.**

The people of this county have at last woken up to the fact that we have one of the best counties in the state. All it took to convince them was to look over the grand display of the fair held here on the 7, 8 and 9th of this month. Although there were but few localities that tried to make a display, it was a decided success.  
 When we look at our apples and other fruits that was shown in our exhibits and then consider the care we have given to the raising of fruit it is enough to convince us that we have one of the greatest fruit counties in the West.  
 All there is for us to do is to make use of our land, clear up the hills, set them out to apples and "our fortune is then made." We need not be afraid of overdoing it. If every foot of land in Lincoln county was set in fruit it would be all the better for us. The we could ship by the train load or shipload and the buyers would come to us instead of us finding them. I expect to see the time, and it will not be many years, when we will send out fruit by the shipload.  
 There will be a good many thousand trees set out this Fall and next Spring and in five years from now there will be ten times as many orchards in this county as now.  
 Besides the fruit industry there is nowhere in the whole west that can produce any better or larger vegetables than was exhibited at our fair.  
 Besides this we have timber enough to make our county famous. The timber land is mostly all taken up and in a few years will be deeded and then the sawmills will come and saw the timber and will bring thousands of dollars into our county.  
 Another thing we have is coal. When a man can go and in a short time dig out as nice coal as J. Steel had on exhibition at the fair is something that we could not estimate the value of. I might say this: that the richest gold mine might compare but could not excel a coal mine on the coast and also on as good a harbor as we have right here in Lincoln county.  
 With all of the good things in sight, waiting for us to all get together and work in harmony so people may know where Lincoln county is, then we will see our Bright Future begin to materialize.  
 Very respectfully,  
 C. W. HARDING.

**WHY COLDS ARE DANGEROUS.**  
 Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgement. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by Otto O. Krogstad.

**CONTEST NOTICE.**

 September 10, 1908.  
 A sufficient contest affidavit having been filed in this office by Anna D. Elliott, contestant, against homestead entry No. 12902, made August 4, 1900, for 1/2 of sec. 35, township 9 south, range 10 west, by Charles M. Brown, contestee, in which it is alleged that she is well acquainted with the tract of land embraced in the homestead entry and knows the present condition of the same; also that said entryman has never established his residence on the said claim, nor has he resided thereon at any time, or at all, and has wholly abandoned the same for a period of more than six months last past; also that he has never cleared any portion of the land, or cultivated the soil, and the only improvements on the claim consist of a rudely constructed log cabin wholly unfit for human habitation; and that said alleged absence from said land was not due to his employment in the Army, Navy or Marine Corps of the United States as a private soldier, officer, seaman or marine, during the war with Spain or during any other war in which the United States may be engaged. Said parties are hereby notified to appear, respond and offer evidence touching said allegations at 10 o'clock a. m. on November 14, 1908, before the Register and Receiver at the United States Land Office in Portland, Oregon.
