Tomato Salad.

Cut five round tomatoes of uniform size in halves. Scoop out the pulp without breaking the skins. To a half cupful of cold diced tongue, add the tomato pulp and juice, one-fourth teaspoonful salt, enough to cover the tip of the spoon of cayenne, teaspoonful olive oil and juice of half a lemon. Fill the tomato skins and set on ice. Serve on crisp lettuce leaves.

Nut and Celery Salad.

Cover one cup of walnut meats and two slices of onion with boiling water, to which is added a teaspoon of salt. Cook half an hour, drain, turn into ice-cold water for ten minutes, then rub off the brown skin. Add the nuts broken in small pieces to two cups of celery cut in small slices crosswise. Use only the white inner stalks; serve with cream dressing.

Fried Cream Tomatoes.

Slice unpeeled ripe tomatoes into thick slices and fry them in butter in the frying pan. When done put them on a hot dish and thicken the butter in the pan with a tablespoonful of flour. Stir to a smooth paste and pour over this a generous cup of rich milk. Season to taste and stir to a smooth sauce, then pour over the tomatoes. Serve very hot.

Easy Cucumber Pickles.

These pickles are guaranteed by a New England housewife: Wash and dry small cucumbers and pack in two-quart Mason jars. Allow one tablespoon salt and one tablespoon mixed spices to one quart of the cucumbers. After the pickles are in the jars, fill up with good, strong vinegar. This is little trouble, and is declared successful.

Peach Jelly.

Peel, halve and stone a dozen ripe peaches, boil them and the bruised kernels for fifteen minutes in a thin syrup made of 10 ounces of sugar and a half pint of water. Flavor juice with grated rind and strained juice of four lemons and strain through jelly bag. Add to this 1 ounce dissolved gelatin. Pour this into mold and set away to cool.

Cherry Pudding.

Two eggs, 3 cups flour, 2 cups milk, 3 cups cherries, 1 tablespoon melted butter, 2 teaspoons baking powder; make a batter with eggs, butter, milk and flour, with three cups cherries. Steam in a mold three hours and serve with a rich, sweet sauce. Equally delicious with strawberries, raspberries or any fresh tart fruit.

Foamy Sauce.

Four tablespoonfuls of sugar, one white of egg, two tablespoonfuls of butter, one tablespoonful of flour. Beat together to a cream except the egg; add nine tablespoonfuls of boiling water; boil until thick and clear. Add the white of egg beaten stiff, and two tablespoonfuls of lemon juice. Serve hot.

Onion Will Clear Soup.

There is only one secret about getting broth or soup clear without letting it get cold first and settle. No matter what ingredients you put into your soup or bouillon it will get muddy, but just put in a small onion or a piece of a large one and your broth will clear like magic.

Devil Cake.

Two cups brown sugar, half cup butter, two eggs, half cup boiling water, half cake chocolate, two and a half cups flour, teaspoonful of soda, half cup sour cream, half teaspoonful of cream of tartar. Put soda in cream and cream of tartar in flour. Mix well.

Cooks Should Take It Easy.

Many household tasks, such as picking over fruit, beating bread or cake, or using the chopping bowl, can be accomplished as quickly and much more easily while one is seated in the easy chair, which should always be found in the kitchen.

Flexible Glue.

One part Venetian turpentine added to four parts of glue will make a flexible glue to attach leather to metals, says the Scientific American. The mass is heated in a glue pot until it becomes sticky and no more bubbles appear. A fresh mixture will work best.

Boiled Icing.

Three cups granulated sugar, just enough boiling water to dissolve it. When it will solidify in cold water—after boiling without stirring—pour on the well-beaten whites of three eggs and stir constantly until cool.

A Good Cough Medicine.

Dissolve ten cents' worth of gum arabic in one pint warm water and when cool add the juice of a lemon and ten cents' worth of paregoric. Sweeten to taste. Take a teaspoonful every half hour or so.

Getting Its Strength Out.

Mrs. Wickersham had advertised for an experienced cook. The first applicant who came in answer to the advertisement was a stout, red-haired young woman. Mrs. Wickersham propounded several questions to her, which she answered in a fairly satisfactory manner. Then she asked her:

"How long do you boil tea?"

"Well, mem," said the young woman, "some folks boil it longer, an' some shorter. It's all a matter o' taste."

"But you do boil it, don't you?"

"Oh, yes, cert'ly; but I've allus thought that two hours was long enough to bile any tea. You can git all the stren'th out of it in that time."

A Hard Case.

"His wife earns her own money."

"Indeed! I did not know she was employed."

"Oh, yes; hard at it all the time."

"What does she do?"

"Works him to give it up."—New York Journal.

Result of His Observation.

"Conductor," said the haughty passenger, "you ought to know by this time that I always get off at Goethe street."

"I suppose I ought, madam," responded the street car conductor, touching his cap, "but that's where most people fall down."—Chicago Tribune.

Righteous Kick.

"The other day," said the caller, "I sent you an item to the effect that I had gone up into Wisconsin on a week-end trip."

"Well?" said the society editor.

"Well," rejoined the indignant caller, "you printed it 'week kneed' trip!"

Forebodings.

The tortoise, having won the race with the hare, was boasting of the exploit.

"Some day, young fellow," said an old tortoise, eyeing the braggart with disfavor, "that speed madness of yours will be the death of you."

Public Baths of Large Cities.

Our present national movement to get the denizens of our congested cities next to godliness is now progressing rapidly, according to reports being received by the Federal bureau of labor, which show that about 40 of our big urban centers now provide public baths. Among these Boston takes the lead with 10 public bathing beaches, 12 public floating baths and one public pool. Next to this record of 23 public baths ranks that of Greater New York with 20, and then that of Philadelphia with 15.

S.S.S. CURES SKIN DISEASES

When the blood is pure and healthy, the skin will be soft, smooth, and free from all blemishes and eruptions; but when some acid humor takes root in the circulation, its presence is quickly manifested by some form of skin disease. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor-laden stream, it can no longer preserve the healthy, natural appearance of the skin, but by its acrid, impure nature continually irritates and inflames the delicate tissues and fibres and keeps the cuticle in a diseased and disfigured condition. External applications cannot reach the blood, and therefore are beneficial only for their ability to reduce inflammation, and assist in keeping the parts clean. To cure any skin trouble the blood must be purified of the humors that are causing the trouble. S. S. S. drives out the humors from the blood so that the skin, instead of being irritated and diseased, is nourished by a healthy, cooling stream. S. S. S. goes down into the circulation and removes every particle of impure matter, all acids and humors, and restores the blood to its normal, pure condition, thereby curing every form of skin disease or affection. Book on skin diseases and any medical advice free to all who write.

Man's New Lid.

There is a new belfry covering for the up-to-date man. It arrived from Paris and is called the King Edward hat. This masculine headgear is built on the lines of the feminine flower pot lid and is blocked to resemble the helmet that the man who pounds the pave wears. The hats are made of the same material as the ordinary black derby. Instead of a ribbon bow on the band a buckle clasps it. Several people who arrived from Paris recently wore the new lid. They say the King Edward hat was introduced to France on the King's recent visit.
