The Doctor—That is a point in therapeutics I shall have to look up. I find I am growing rusty.

The Professor—Rusty? Then there is too much iron in your blood.

Explained at Last.

"The late Dr. Morgan Dix," said a clergyman of New York, "had a droll way of lightening grave subjects with little humorous asides. Once I heard him addressing a graduating class at a medical school. He began in this way: 'Physiologists tell us, gentlemen, that the older a man grows the smaller his brain becomes. This explains why the old man knows nothing and the young one everything.'"

A Bit Fishy, This.

Porpoise—What is the whale blowing about?

Dogfish—Oh, he got so many notices for his feat in swallowing Jonah he's been blowing ever since.—Boston Transcript.

KASPARILLA

This sterling household remedy is most successfully prescribed for a "world of troubles." For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthful activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value. If it fails to satisfy we authorize all dealers to refund the purchase price. HOYT CHEMICAL CO. Portland, Oregon

Amending the Declaration.
"Has your order been taken?" asked one of the waiters.

Peanuts Imported.

So many peanuts are eaten in this country that the native supply is not sufficient for the demand and about \$3,000 worth of the African nuts were imported from Marseilles in 1906 and over \$73,000 worth in 1907. The west coast of Africa produces quantities of peanuts.

"Gayman, I saw you in the conservatory the other afternoon embracing an elderly spinster."

"I don't deny it, Goodsole. I was trying to conserve our natural resources."
"Wh-what?"
"Reclaiming an arid waist."

Prospective Business.

"I'll take your damage case," said the lawyer, helping to his feet the man just hit by an automobile.

"Thank you," replied the victim. "I'm not much hurt, but I recognized that measly chauffeur. He may have a case for you later."—Philadelphia Ledger.

THE HOUSEHOLD

Tomato Catsup.

Boll together a peck of unpeeled tomatoes and six peeled and sliced white onions. When soft, strain and return to the kettle, adding three bay leaves, a tablespoonful each of powdered cloves, pepper, and mace, a tablespoonful each of sugar and salt, a little paprika and a tablespoonful of celery seed, tied in a muslin bag. Boll for five or six hours stirring often. At the end of that time take out the celery-seed bag, and pour in a pint of vinegar. Boll up hard again and take from the fire. When cold, bottle and seal.

Rich Cucumber Soup.

Pare and cut up two cucumbers of medium size, two large onions and the white part of a head of lettuce. Place the vegetables in a saucepan with 2 ounces of butter and stew gently for three-quarters of an hour, stirring from time to time. Add a quart of strong stock, 2 ounces of breadcrumbs, a tablespoonful of chopped parsley and pepper and salt to taste. Simmer gently for two hours, and at the last moment stir in 1 ounce of butter rolled in flour.

Peach Cobbler.

Peel ripe peaches, halve them and fill a deep earthenware baking dish with them, leaving a few of the stones to give flavor. Half fill the dish with ice water, sprinkle sugar over the peaches, then place over them a sheet of light but thick pastry. Pinch this down over the edges, slash the center crosswise, and prick well. Bake till brown, then serve hot or cold with cream.

Sponge Candy.

Put together in a saucepan two sups of granulated sugar, one cup of New Orleans molasses, a half cup of water, a tablespoonful of vinegar and a small bit of butter. Boll until a little dropped into cold water is brittle, then take from the fire, stir in a spoonful of baking soda, and, while foaming, turn into greased dishes to cool. Do not pull.

Chop Suey Jam.

Three pounds of rhubarb, cut into small pieces; three pounds of granulated sugar, one-half pint of water, one package of seeded raisins, three oranges with the rind, all cut into small pieces, a half-pound of shelled English walnuts, cut into small bits. Boll all together for three-quarters of an hour, then put into jelly glasses.

Floating Island.

Into a pint of rich cream, sweetened to taste, stir sufficient currant jelly to make it a pretty color. Spread slices of sponge cake with marmalade, pile them evenly in a glass dish and pour the pink cream over them. Flavor another pint of rich cream with lemon, sweeten it, and whip to a stiff froth, then heap on the cake.

"Poor Folks' Padding."

To four teaspoonful of flour add a cup of finely minced suet, a teaspoonful of molasses, a teaspoonful of baking soda dissolved, a cup of water, a pinch of salt, a tablespoonful of cinnamon and one cup of raisins, dredged with flour. Boll in a floured cloth for two hours. Turn out and serve with a liquid sauce.

Uncooked Chocolate Frosting.

Melt one square of chocolate. Mix two cups of confectioner's sugar with a little milk or water, or, better still, with the white of an egg. Add the melted chocolate and beat until smooth. If this mixture is too stiff to spread easily, add a few drops of water and put on cake layers.

Egg Lemonade.

Make a thin syrup by boiling one and one-half pints of water with two cupsful of sugar. Add the grated rind of one lemon and juice of two. Cool with ice. Just before serving whip lightly in two eggs beaten separately and a small quantity of bicarbonate of soda. Serve while foaming.

Canned Plums.

Canned blue plums will make delicious winter pies. To seven pounds of fruit add three and one-half pounds of brown sugar, one pint of good vinegar and one ounce each of cinnamon, cloves and allspice. Scald them about three times and jar them.

Short Suggestions.

A little whiting put on a damp cloth will clean paint easily and well.

To properly mix spices through a cake mix it with the sugar and sift both several times.

Bottles that must be air tight should have the corks dipped in melted paraffin until thoroughly coated.

Should cakes stick to the pans put a hot cloth on the bottom for a minute or two. If papers are used sticking is infrequent.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write.
