FEVER SORES.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Otto O. Krogestad.

Please Settle.

Having sold the Livery Stable and business, all persons knowing themselves indebted to me, please call at George Hall's pool parlors and settle. Yours respectfully,
M. N. ANDERSON.

DON'T TAKE THE RISK.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis, or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to parts of the United States and to many foreign countries. Its remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Otto O. Krogestad.

For Sale Cheap.

An Estey Organ, Piano style, solid walnut case. Good condition. Will sell on time or cheap for cash.
OTTO O. KROGSTAD.

PURE FOOD LAW.

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Otto O. Krogestad.

Meadow Creek.

Mr. and Mrs. Jesse Daniels of Toledo are visiting relatives on the creek.

Miss Leota Calkins returned home from Toledo Saturday where she has been visiting her sister Mrs. Jess Daniels.

Mr. J. T. Calkins and family, and Jesse Daniel and wife visited Frank Lang's folks Sunday.

George Calkins went to Glen Sunday.

Elmer Watkins visited C. C. Brown's folks Sunday. His brother Nathan started with him but in crossing the creek he had the misfortune to fall in so returned home for dry clothes.

Mrs. Frank Lang and family visited J. F. Calkins folks Monday.

Talk about the wind blowing! It has been blowing over here. It blowed Luke Williams new house down, he had the roof on and one side boarded. George Davenport had the misfortune to have a snag blow down on his cow killing her.

Wm. Darnley and C. C. Brown are hauling wood while the weather permits.

We still have snow on the ground.

Willie Randall and wife intend to move on the creek to live for the Summer. We are always glad to get more neighbors. They will live on the old Holbrook place now occupied by George Calkins. Mr. Calkins intends to move on the Sturdevant place as soon as the weather settles.

700 ENGINES IN ONE ORDER

A Large Boat Builder Places an Initial Order Which Exceeds Anything on Record.

The W. H. Mullins Co., of Salem, O., manufactures of pressed steel boats, has just closed the largest order on record for engines. This order goes to the Ferro Machine & Foundry Co., of Cleveland, and includes 700 engines to be delivered in the next 60 days. Mr. Mullins said in response to a question that he was confident of a splendid volume of business and would no doubt duplicate this order before the first of May. These engines go into boats of various sizes and show the marvelous growth of the power boat business.

The advent of the gasoline motor has wrought the most extraordinary development in general boating, not only for pleasure launches, but also for small and large utility boats. Ten years ago, motor driven boats were as little thought of, and even less, than the flying machine is today. Where the sail boat and rowboat sports were indulged in very limitedly only in localities where the best of boating facilities were afforded years ago, today will find every inland lake and river that is at all navigable, as well as the coast waters, floating its quota of power boats of all descriptions. Even rowboats have been made convertible by the development of the small gasoline motor, weighing less than the average human being. Sailing, a most exhilarating sport, has largely given away to motor boating and the percentage of sailboats being used today without a gasoline engine in them for auxiliary power is surprisingly small.

We have one of the Ferro Machine & Foundry Co's., 3 horsepower engines installed in our office to run our presses. We have used it eight months with good results. Anyone who intends purchasing a gasoline engine will do well to see R. D. Burgess, who is local agent for these engines.

We have the Swedish cross-cut and buck saws now. Can't be beat.
