Oregon was the first of all the states to "open up" its exhibit at the Alaska-Yukon-Pacific Exposition. It is the habit of the exposition directors when they are showing notables through the grounds, to point out the Oregon buildings as the first of the state buildings to be completed and one of the handsomest of any kind on the grounds.

A few days ago they were entertaining the newspaper men of the state of Washington and as usual led them up to the Oregon building to brag a bit. They were invited inside and, to the surprise of everyone, found big red apples by the ton, great jars of fruits and grapes and other things that Oregon produces all ready to go to the tables and shelves which were being ranged around the building.

Before they got out of the building they were taken down into the basement, where a cold storage plant is in operation, and there everyone of the 200 writers present was given an apple the size of a muskmelon and invited to come again.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
