RHEUMATISM.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The Medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by Toledo Drug Co.

While visiting the schools on the lower Siletz and Salmon river, I found the people in the best of humor. The reason they gave for being in this mood was because they had been notified to come to Portland and file on their claims, and after that they could soon get their property on the tax roll and then they could build roads and make other much needed improvements. Some of those deserving homesteaders have been on their claims for the past twelve or fifteen years. They are now reaping the reward for their arduous labors. Near the Kernville cannery, I saw Uncle Almond Bones with his crew of homesteaders out making one of those much needed roads. I must say that Uncle Almond and his men know how to make good road, for this is the best piece of mountain road that I have seen, and there are few in this county, that I haven't seen.

R. P. GORN.

Take a walk through the cemetery, says an exchange, and you will pass the last resting place of a man who blew into the muzzle of a gun to see if it was loaded, and farther down the slope you can see the modest monument of the girl who tried to start the fire with kerosene, and a grass covered knoll that covers the boy who put a corn cob under a mule's tail. That tall shaft over the man who too stingy to advertise in his home paper casts a shadow across the boy who tried to become a man by smoking cigarettes. Side by side the giddy creature who always had her corset laced too the last hole, and the intelligent idiot who rode a bicycle nine miles in ten minutes, sleep on undisturbed. At repose is a doctor who took a dose of his own medicine. There with the top of a shoe box driven over his head is the rich old man who married a young wife. Away over there reposes the woman who kept strychnine with powders in the cupboard. The man who stood in front of a mowing machine to oil the sickle is quiet now and rests beside the careless brakemen who fed himself to a seventy-ton engine, and over in the corner of the fence in the potter's field may be seen the bleaching bones of the man who tried to whip an editor.

Ferro Marine Engines.

A Little Ahead of Them All.

Made
in 1 to 3
Cylinders

3
to 25
H. P.

The superior points of the Ferro are, the offset crank shaft, which eliminates dead center and prevents pounding, reduces friction and wear on the sides of the cylinder and also in the crank bearing. This procures the maximum power and efficiency. The crank-shaft is counter-balanced, reducing vibration to a minimum. Above all is the, forced, sight-feed, lubricating system, which insures perfect lubrication to every part of the engine. This is the best insurance to long life in an engine.

Every part and feature of the Ferro engine is up to date. As to material and workmanship, there is NONE better. It will develop its full rated horse-power and do it easily and smoothly. Does not take up ALL the room in your boat, nor kick it to pieces in a season. The Ferro is right and the PRICE is right. Engines on hand also launches completely fitted. Call to see them.
