VOLUME 17

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, JUNE 11, 1909.

NUMBER 16

Elk City vs. Siletz.

That big ball game was pulled off at Elk City last Sunday between the Siletz and Elk City teams. This was the game to decide the championship of the county, and was won by Siletz, the score standing Siletz, 15, Elk City, 4. The launches Oregon and Grace took about sixty from this place, and the Rose took fifty from Newport, besides many went with teams, small boats etc. Chitwood, Eddyville, and in fact towns from all over the county were pretty well represented. Elk City surely had a full house Sunday. The day was very warm, just the day for good ball playing, and the many visitors were entertained with good ball.

Elk City started the scoring in the last half of the first inning, making three runs. Then in the third inning Cook made his second tally, Clyde and Charley Van Orden making the other two, which closed the score for Elk City during the game. Siletz was shut out completely until the 4th, when with some good hits, fast running and several errors the Indians run in a flock of eight. Then in the 7th they added four more scalps to their belts, in the 8th two and in the 9th one more, making a total of fifteen.

Pitcher Simpson for Elk City and Casey for Siletz did good work, but both teams had exceptionally heavy batters and many times the ball was sent clear out of reach. The lineup was:

ELK CITY		SILETZ
Simpson	p	Casey
Graves	c	Lane
Van Orden, Chas	ss	David
Cook	1b	Butterfield
Van Orden, Clyde	2b	Bensell
Parks	3b	Harlow
Wood	rf	Fairechild
Young	lf	Haight
Powers	cf	Felix

F. W. Carson, umpire.

A game was played in the forenoon between Eddyville and Elk City second team. The latter carried off the game by a score of 13 to 5.

An ordinance granting the Newport Power Company a franchise to build and operate a power plant and distributing system for a period of twenty-five years was brought up before the City Council at its regular meeting last Monday evening and was given its first reading.

The Company does not require the city to take any lights but simply asks for a franchise to put in its plant, etc, should the city want lights it agrees to furnish them at the following rates. A maximum flat rate charge of \$8 per month for each nominal 1200 candle power arc light furnished by it. For each 32 candle power light furnished the maximum flat rate charge will be \$1.60 per month and for 16 candle power lights \$1 per month. The maximum meter rate which the Company will have a right to charge under this franchise will be 17 cents per kilowatt hour.
