The rock which was intended to be used on the Toledo-Siletz road was found to be worthless for the purpose both by Commissioner Kentta and the contractors. They are investigating other rock and may yet find suitable material. Meanwhile the grading goes on and more teams are wanted for the work.

The coming Fair and Festival will bring more people together than has any other occasion in the history of the county. There will be three whole days of pleasure, amusement and instruction. The Executive and sub-committees are working hard to make this fair the greatest success possible and should have every aid and encouragement.

The travel to Yaquina Bay has become so great that the Southern Pacific Company have again been compelled to put on an extra passenger train for the Summer, in addition to the regular train, which leaves Yaquina in the morning and returns in the evening. The new train leaves Albany in the morning arriving here at noon, bringing the through letter mail and daily papers which increased mail service is greatly appreciated by our people. The extra train schedule began Tuesday. The company had this extra train running for a few months last summer and it was found the two trains each way each day were none too many to accommodate the traveling public. But a few years ago one mixed train each way a day was ample. Newport, at the mouth of the Bay, is becoming the most popular health and pleasure resort on the Pacific coast and each year larger numbers are coming to spend their vacations at this place.
