The booming of the blasts along the Toledo-Siletz wagon road right-of-way sounds good to us.

Newport, Waldport and other places in the county will celebrate the Fourth, and all will royally entertain their visitors.

The whole county will have one big three days' celebration September 8, 9, and 10. The committee has made arrangements for hay for two hundred teams, and camping grounds for that many families. There will be balloon ascensions daily, slide-for-life, merry-go-rounds, and several shows, band concerts, games, etc., etc., to amuse.

BEST BRAINS AT THE EXPOSITION

Big Manufacturers are Sending the Best Technical and Sales Men to the Seattle Fair

Leading manufacturers find that it pays to send their best men to the Alaska-Yukon-Pacific Exposition now open in Seattle. The expense of taking large and costly exhibits from eastern factories can only be justified by making them secure trade connections and future orders at the hands of their best experts.

One of the big and constantly growing industries of the country is the marine engine and power boat business. The ideal water facilities of the West and Northwest are developing a great market for both engines and boats. The largest marine engine manufacturers in the world, The Ferro Machine and Foundry Co., of Cleveland, Ohio, is showing what is undoubtedly the largest and finest exhibit of marine engines, parts and accessories ever placed before the public. This will be found in Machinery Hall, in charge of their Puget Sound Distributors, The Seattle Marine Supply Company.

To insure the success of this expensive display the Ferro Company have sent their Western Sales Manager and engine expert, Mr. W. P. Street, who will be in charge until the closing of the fair. Mr. Street is one of the best posted authorities in the boat and engine business. His time is at the disposal of those who want information.

The general opinion of the exposition promises a large attendance. In point of beauty, exhibits and construction, the Exposition is even more than has been claimed for it by those who are responsible. It is sure to go a long way towards increasing public interest in the Northwest and the development of trade of this section.
