High Prices for Orchard Lands.

As an instance of how high the value of Oregon orchard lands may attain when scientific principles and modern methods are applied thereon we clip the following item from the Hood River Glacier:

"The highest price ever offered for Hood River orchard land was tendered L. Struck last week when some eastern men tried to induce Mr. Struck to part with nine acres for \$25,000. The offer for the Struck orchard was made after the discovery that its owner last year received in the neighborhood of \$4,200 from three and a half acres which is all that he has in bearing, the other five and a half acres being planted to young trees. The bearing are principally Newtowns."

Hood River is not the only spot in Oregon where high prices for orchard land obtains. Many startling examples come from Medford, Grants Pass and many other portions of the Willamette valley, but scientific methods were first applied in Hood River and as a result the fame of Hood River for fine apples and strawberries has gone abroad and the price of land has gone up by leaps and bounds. Willamette valley has only recently thrown off its lethargy and has gone into fruit raising business along scientific lines. The benefits were so rapid and so marked that it is fast overcoming the lead made by Hood River. Any part almost of Western Oregon is fine for fruit raising but old moss back cultivation has kept this fact dormant for many years. If the people in the East could only realize what enormous profits may be secured from a few acres of land in this state the trend westward would be far beyond the capacity of the railroads to care for. —Corvallis Times-Gazette.

After all, it is men that build cities and develop states. The status of a city or state is the reflection of the character of its men. If let alone by the white man, the savage would still dwell in his wigwam and tepee. Many a citizen is no more factious for city or state expansion than was the Indian in his time. The interest collecting miser who takes his toll and growls at taxes is a benefit to nothing. If a were like him Portland would still be a village of cabins, cheap stores and cheaper men. The reason the Chinaman's wage in his own country is but a few cents a day is because his mind is bent wholly on himself with no interest whatever in the collective good. The costliest influence in any community is absorption in self and indifference to public concerns. A dollar is often lost in the search for a son. One man bent on uphold of his city or state is worth a million drones. One brings results and the others bring discouragement and occupy needed space. —Portland Journal.

Southern Oregon alone expects to ship pears to the value of half a million dollars this season. From present indications, it is thought Southern Oregon will send away 500 cars of pears to the Eastern markets. The value of each carload is placed at \$1000, making the crop worth \$500,000. Other sections of the state will increase the value of the pear crop largely, making a very large total for this one great Oregon produce.

Wilson & McKellips, of Corvallis just launched a gasoline launch which will be brought down to this bay about the first of the year and placed in commission. Prof. Perrot is also having a 24-foot launch built which will also be brought to this bay.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

LIFE 100,000 YEARS AGO.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. To day, the danger, as shown by A. W. Brown of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me I could not have lived," he writes. "Suffering as I did from severe lung trouble and stubborn cough." To cure Sore Throat, Colds, obstinate Coughs and prevent Pneumonia, its the best medicine on earth. 50c and \$1.00. Guaranteed by Toledo Drug Co. Trial bottle free.

Home Cure for Eczema

OIL OF WINTERGREEN, THYMOL, GLYCERINE
ETC., USED AS A SIMPLE WASH.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine etc., makes a wash that is bound to cure.

Old obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no suffering from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits. Toledo Drug Co.
