

ITCH STOPPED—SKIN COOL ED.

Itching skin diseases afflict some people as soon as the hot weather comes. There seems to be no preventative; but when the eruption does break out, it is a very simple matter to stop that itch, and to stop it instantly.

Just a few drops of Oil of Wintergreen, properly compounded, washed over the eruption will soothe and smooth the skin instantly, giving that cooling and refreshing sensation.

Try a few drops of this D. D. Compound and your itch will be relieved at once, not in half an hour, or ten minutes, but in five seconds. Call at our store and we will tell you more about this D. D. Compound. Toledo Drug Company.
