Commissioner John Fogarty and Contractor Ralph Henry were up from Newport Tuesday, interviewing the railroad people regarding the spur to be built here leading to the rock crusher.

Miss Esther Copeland who will teach the unexpired term of school in the Stanton district, took charge yesterday. Miss Jessie Knauf, who resigned as teacher of the school, will go to Portland to reside.

An Elk City man who has kept count of the number of kisses exchanged with his wife since their union consents to its publication as follows: First year, 35,521; second year, 16,003; third year, 3,300; fourth year, 120; fifth year, 2. Then he left off keeping the record.

County Judge Gardner informs us that the work of installing the rock crusher is going right along; that contractor Henry with his crew of men is now at Pioneer building a switch to the quarry so that there will be no delay getting rock as soon as the crusher is ready for operation. They are waiting now for railroad iron which to lay the spur, along side of which the crusher is to be installed, which will be located near Henry Gannon's property in the north end of town. As soon as this spur is laid the engine, which is to run the crusher, will be shipped from Portland and unloaded on the ground where needed and there by save all unnecessary handling.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8 hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$80 per month, with good chance for advancement. The National Telegraph Institute of Portland, Oregon, operates six official institutes in America, under supervisions of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details.
