The storm of the past week is a reminder that Oregon does have a little weather once a year. But what does a little rain amount to, anyway. We have to have the moisture in the ground and if we don't have rain we would have to have snow, and, who wants snow?

Seven dollars a month per cow is a pretty good average for a herd of cows in this county, isn't it? Mr. Williams is not the only man that can have such a bunch of cows. Even he can and will make his herd do better than that. If your cow isn't a \$7 a month producer sell her and replace her with one that is. It costs no more to feed and care for a good cow than a bad one.

Consider what the hen does when she is working, now that her strike season is on and she clamors for rations. The market value of "Biddy" is about 50 cents and the value of her daily produce 2½ cents, or more than one twenty fifth part of her own worth. True, her career is short, but long enough for her to earn her value many times over, and that cannot be said of some in this world who have great pretensions to usefulness.

Better roads for this state is the object of the Good Road Association, formed at Portland during the past week with a strong membership. The association will work for good roads legislation, uniform plans of improvement throughout the state and the collection of money for road building. It is planned to collect a fund of \$15,000 during the next two years and engage a competent road engineer who shall direct all road work in the state. Much good is expected to result from the formation of the association.

Monday the Corvallis & Eastern Railroad Company changed their schedule, Making No. 1 and 2 passengers, No. 1 being due here at 7:44 a. m. and No. 2 at 4:47 p. m. They will run a freight from Albany to Yaquina each Monday, Wednesday and Friday returning to Albany Tuesday, Thursday and Saturday. This change is greatly appreciated by the people of this county as when they run a mixed train only, it was generally late. The Corvallis & Eastern wish to make the service the best they possibly can, that the patronage will warrant, and the public certainly appreciates their efforts.

Speaking of money spent nowadays in advertising, there was in the last issue of the Saturday Evening Post advertising to the amount of \$128,000. That's going some for a five cent magazine. Advertising is the great force in the business world today. Articles and products which some years ago, the manufacturers believed could not be profitably advertised in newspapers and magazines are now extensively advertised in this way. It has been learned that the selling of any thing of merit can be profitably advertised. The problem is to make the advertising fit the case, but the experts attend to that.—Ex.

Boys, the marble season is on. We have bushels of them. Toledo Drug Co.

FORCED INTO EXILE

Wm. Upchurch of Glen Oak Okla was an exile from home. Mountain air, he thought would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for Cough and Colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Hooping Cough. 50c and \$1.00 trial bottle free, guaranteed by, Toledo Drug Co.

KEEP ON GETTING THE HABIT

AL WAUGH, Proprietor

We give you a written guarantee that this Shoe will wear you six months.

If you want a shoe that will give you perfect satisfaction and will outwear any shoe you ever wore, try this

Hardware Shoe

"Hard Wear in Every Pair"

It is made of soft, pliable chrome tanned waterproof leather, the finest and most durable of all leather for heavy wear.

It has two full soles. These soles are made of overweight steer hide—the toughest leather made—and are secured by Puritan stitch and two rows of standard screws.

It has a heavy, full gusset (see illustration) that will not permit dirt to get in through the lacing. The pull strap is leather, sewed with waxed flax thread, double stitch saddle seam and the counter is sewed in—in fact every part of this shoe is built to stand hard wear. Comes in either plain toe or tip and in black or tan leather.

We believe this shoe will last you much longer than six months, but we will guarantee that you get at least six months' wear and satisfaction. If you do not bring them back and we will give you a new pair free of charge.
