Oregon dairymen will meet in Portland Dec. 9 and 10 and plans already under way for the gathering indicate it will be one of the most interesting conventions in the history of the association. There will be a large attendance of dairymen from both Washington and Oregon and a fine lot of exhibits of dairy products. One prominent creamery will exhibit over 50 kinds of cheese gathered from all over the world. This showing is bound to be of very great interest. T. B. Wilcox, president of the Portland Flouring Mills, has offered prizes of \$65 and \$35 for the best exhibits of dairy products at the convention and competition for the prizes will be keen. The programme as now planned is an excellent one. Among the most prominent speakers will be Mr. Rawl, of Washington, D. C., chief of the dairy division of the Department of Agriculture, who will be in attendance. Others of note will speak. The convention will be held in the W. O. W. hall on Eleventh street, near Alder. Attendance promises to be unusually large because of the fact that the Oregon State Horticultural Society holds its annual meeting just before the dairymen's convention and many will attend both gatherings.

The boys who ruined the roofs of the Ofstedahl and Hawkins building on Halloween by dragging buggies over them should remember in the future that there is nothing very witty nor funny in destroying property. The damage to these two buildings will amount to many dollars and you should appreciate the fact that the owners let the matter go and charge the loss to the "fun" account. Everybody enjoys fun but nobody enjoys destruction of property.

While they are having snow and cold weather in other sections of the Northwest Lincoln county, as usual, is getting along with a few light frosts and some nice warm rains. We prefer the warm rains.

KEEP ON GETTING THE HABIT

AL WAUGH, Proprietor

We give you a written guarantee that this Shoe will wear you six months.

If you want a shoe that will give you perfect satisfaction and will outwear any shoe you ever wore, try this

Hardware Shoe

"Hard Wear in Every Pair"

It is made of soft, pliable chrome tanned waterproof leather, the finest and most durable of all leather for heavy wear.

It has two full soles. These soles are made of overweight steer hide—the toughest leather made—and are secured by Puritan stitch and two rows of standard screws.

It has a heavy, full gusset (see illustration) that will not permit dirt to get in through the lacing. The pull strap is leather, sewed with waxed flax thread, double stitch saddle seam and the counter is sewed in—in fact every part of this shoe is built to stand hard wear. Comes in either plain toe or tip and in black or tan leather.

We believe this shoe will last you much longer than six months, but we will guarantee that you get at least six months' wear and satisfaction. If you do not bring them back and we will give you a new pair free of charge.
