Waldport.

Dr. Linton was called to Drift Creek the afternoon of the 29th to attend Mr. Splawn who had the misfortune to slip on a frosty board and dislocate his shoulder.

The rag dance given by the band boys the evening of the 31 was well attended. A rag man from some of the great cities would have been delighted at the sight. Some of the costumes were comical indeed and quite a number of spectators were on hand to see the fun. The music and dancing were enjoyed by all. The hall was very comfortable as a new stove has been set up in the supper room. The next dance to be given by the band will occur January 21st.

The new Year came in rather frosty. Such a spell of cold weather as we have just experienced is very unusual for this part of the country. If Halley's comet is responsible for this we have very little respect for the comet and the sooner it leaves our neighborhood the better.

Good for Riverside V. We are very much pleased to see that she is organizing a brass band and we wish her success. Such an organization is of great benefit to the country districts as it affords a pleasant place for the boys to spend an evening and develops their musical ability. Other places in the county should follow suit.

Chitwood

All the people in the vicinity of Chitwood were shocked at the sudden death of Rufus Chitwood, eldest son of D. J. and Lena Chitwood. Rufus had not been very well for over a month past. His father wrote to a doctor in Albany, giving him a description in detail of his ailments. The doctor replied with an encouraging letter and sent some medicine but the medicine seemed to do no good. This was some weeks since. On the 27th of December Mrs. Chitwood went with Rufus to Philomath to consult Dr. Nuth, who pronounced the disease diabetes and, in his case, incurable. but that he might live a month. She returned home with him the same day and he walked half way home from the station. The next morning he felt better but during the day began to grow weaker and, despite all efforts to prolong his life, his spirit fled about eight o'clock p. m. on the 28th—he just seemed to go to sleep with a calm, restful look on his face. He was taken to the Seventh Day Adventist church on Thursday, the 30th, followed by a large concourse of people, notwithstanding the drenching rain. The house was filled to overflowing and there listened to an earnest sermon by Elder T. H. Starbuck on the subject of "The Redemption." The remains were then carried by six young men to the cemetery where we paid our last respects to this noble youth of 17 years. One strange thing about his case was he seemed to have no pain whatever except weakness. He was apparently a strong, healthy, good natured

young man, weighing about 180 pounds when well. He was highly respected by all who knew him. He was an earnest Christian and a member in good standing of the Seventh Day Adventist church and was secretary of the Sabbath school.

Miss Linnie Gear of the Portland Sanitarium and Hoyle Gear of the Royal Academy were home to spend the holidays. Miss Gear, who is a professional nurse, rendered valuable services during the last sickness of Rufus Chitwood.
