FIR & SPRUCE MILL TO START.

After Three Years of Idleness the big Sawmill at Toledo will Begin Sawing.

Last Tuesday evening Lewis Montgomery, of the firm of Mann & Montgomery, with headquarters at Portland, owners of the Fir & Spruce Lumber Company's holdings at this place, arrived, accompanied by several men, engineer, cruisers, etc., and the following morning began preparations for starting the big sawmill here. The mill is being repaired and the machinery adjusted, which work will take a couple of weeks, then sawing will be commenced.

Mr. Montgomery says it is their intention to operate the mill steadily. They will not attempt to run the mill to its full capacity, but will be content to cut in the neighborhood of thirty thousand daily, requiring twenty or thirty men in the mill. The logging camps will start immediately, thus requiring many more men.

The company has a million and a half feet of logs in the water in booms and about that many feet cut in the woods, but they will begin cutting more as soon as things can be put in working order.

An Important Meeting.

A meeting of the citizens of Lincoln county has been called to meet at the City Hall here this evening. This is an important meeting and should be attended by every citizen. The object of this meeting is to take some action looking to the dredging of the river from Elk City to deep water on the lower river.

This is a matter of most vital importance to the entire Bay country and all Lincoln county. It is absolutely necessary that the river be improved so that coasting vessels be enabled to get up to Toledo and Elk City to carry out the output of the mills and other products of the country. Unless this be done we cannot progress; our commerce will still continue to be strangled.

Our representative in Congress writes that he is exerting his utmost influence to have a bill appropriating money for this work passed, but does not seem greatly encouraged.

The fact of the matter is we have got a situation to meet that every waterway in Oregon, outside of the Columbia, is up against. The attitude of the Government, through its engineers, is dead against us, and to our mind, no help can be expected from the government with-in time to do us any good. We have got to help ourselves, and to depend upon ourselves alone. Fortunately there is a way open to do this. We can follow in the footsteps of Coos Bay, Siuslaw, Tillamook and Nehalem and form a port of our own and make our own improvements. It is vital that we do this, and action in that direction should be taken at once.

Our sawmills and other industries are handicapped; our merchants must pay exorbitant rates upon everything that they ship in

or out, all because our river has two or three small bars in it. Fifty thousand dollars is more than ample to dredge the river from Elk City to Yaquina deep enough to allow vessels to bring in cargoes of merchandise and to carry out cargoes of lumber and farm products, and the saving in freight in five years alone would pay the bonds, to say nothing of the enormous increase in business that it would originate.

The thing to do is to help ourselves. We have the commerce, let us be independent and make use of the water that a beneficent Providence has sent flowing past our doors, and be no longer vassals to any corporation, nor stand longer begging for what a niggardly government should freely grant us.

Come out tonight prepared to help along a movement to place Lincoln county and Yaquina bay upon the commercial map of the world.

A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. Sold by Toledo Drug Co.

CURED OF A SEVERE ATTACK OF BRONCHITIS BY CHAMBERLAIN'S COUGH REMEDY.

On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by Toledo Drug Co.
