A Tribute.

"In E. H. Harriman's obituary notices," said a New York clergyman, "due prominence wasn't given to his fondness for little children. That children were also fond of him was proved by a remark my little daughter made last month."

"Mr. Harriman is dead, my dear," I said to her.
"Her eyes filled with tears, and she said, with a gulp:
"Oh, papa, how happy the angels will be!"

New Idea in Weddings.

News comes from Vienna of a new idea at weddings—the wearing of a wreath of roses by the mother of the bride. Upon arriving home after the ceremony the bride's mother removes her hat and puts on a half circle of roses, composed of buds with silver petals and foliage.

Food Scarce.

"This circular describing the Mountingvue says you can sit at the dinner table and see the beautiful mountain peaks," said the man who contemplated going.

"That is true," replied the one who had been, "and that's just about all you can see."—Yonkers Statesman.

Reminded Him.

"I wish I could remember," said Rivers, "what it was that my wife told me to do to-day."
"Perhaps," suggested Brooks, "she told you to bring my razor back. You borrowed it about a month ago."
"Razor back? Razor back! I know now—I was to be sure to take home some pork chops."—Chicago Tribune.

Headache

"My father has been a sufferer from sick headache for the last twenty-five years and never found any relief until he began taking your Cascarets. Since he has begun taking Cascarets he has never had the headache. They have entirely cured him. Cascarets do what you recommend them to do. I will give you the privilege of using his name."—E. M. Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.
Does not change the color of the hair.

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.

Alabama and South Carolina each have laws prohibiting the carrying of pistols less than twenty-four inches long.

CASTORIA For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

It Told the Truth.

A countryman on a visit to Glasgow, while walking along Argyll street reading the signboards and the tickets in the shop windows, said to his companion, "Hoo can a' thae ham shops be the best and cheapest? Every yin o' them says that, and the same wi' the cloths shops, tae. They are jist a lot of lears."

They continued along the street until, coming opposite a plumber's shop with a big bill in the window with the words "Cast Iron Sinks" printed in large letters on it, he exclaimed: "Well, Jock, here's yin that tells the truth at any rate. But any half-witted fool kens that cast iron wad sink."—Tit Bits.

Idle Thoughts.

The bitter end in cigars is the last half inch.

Everybody is anxious to serve a rich man with a subpoena.

One boarder claims the fruit salad is just another scheme for serving prunes.

When nice men are put up, how are we going to stop a woman from voting for both candidates?

The insurance company agrees to pay a certain amount to one widow.—Washington Herald.

Actual Progression.

Mrs. McCall—How about your servant girl? The last time I saw you you complained about her being so very slow.

Mrs. Hiram Offen—Oh, she's progressing.

Mrs. McCall—Indeed?

Mrs. Hiram Offen—Yes, she's getting slower and slower.—Catholic Standard and Times.

House Numbers Changed.

Opportunity had knocked at the door of the man of genius.

"You've made a mistake," said the man, recognizing him. "The rising pugilist you are looking for lives next door."

Does Sometimes.

Youthful Customer (at book store)—What does "Bridge Whist for Beginners" cost?

Somber Salesman—It will probably cost you your entire wad.—Chicago Tribune.

BREAKS A COLD IN A PAY.

And Cures Any Cough That Is Curable
Noted Physician's Formula.

This prescription is one of the very best known to science. The ingredients can be gotten from any good druggist or he will get them from his wholesale house.

"Mix half pint of good whiskey with two ounces of glycerine and add one half ounce Concentrated pine compound. The bottle is to be well shaken each time and used in doses of a teaspoonful to a tablespoonful every four hours."
The Concentrated pine is a special pine product and comes only in half ounce bottles, each enclosed in an air tight case, but be sure it is labeled "Concentrated."

A Mild Hint.

Two guests came to spend the evening and didn't know when to depart. The host and hostess were patient with them, very patient, but when 11, 12 and finally 1 o'clock struck, the husband realized that something must be done. He was an original chap, and in his droll way he looked over at his wife and said mildly:

"My dear, hadn't we better get up to bed? Our friends may want to be going."

How He Went.

"And if you really ascended that awful mountain why did you leave no visible trace?"

"The footprint left by the astral body is not a tangible thing," responded the explorer with a dignity almost frigid.—Philadelphia Ledger.

The Separation.

"I understand that she is separated from her husband."

"Yes."

"Oh, tell me all about it. What did she do?"

"Nothing. He died."

A Modern Instance.

The mighty Casey had struck out. "I had to do it or spoil the poem," he explained.

Years afterward, however, when he saw how the elocutionists had overworked it, he bitterly regretted the act.

Adaptation.
"Miss Prim is very particular about having everything appropriate. She even carries this idea into her exclamations."

"She does?"

"At least, I suppose so. The other day I told her that Miss Petty, of whom she has a very poor opinion, had offered to make me some caramel for the fair, and what do you think she said?"

"What?"

"Oh, fudge!"

They Knew.

"And now, children," said the teacher, addressing the question to the class in anatomy and physiology, "can you tell me what milk is?"

"Eight cents a quart," shouted the children, in unison.—Chicago Tribune
