Walgard.
Miss Eliza Williams, primary teacher, was out of school one day last week, and Dr. Carter, of Newport, was called to the house to see Mrs. Williams, the sick infant daughter of E.S. Eversen.
Harry Holmes has gone to Portland.

PORTLAND.

Jefferson is building a house near the school building for his mother, Mrs. C. Jefferson.

Mrs. W. S. Holmes is progressing rapidly in the completion of her house. When completed it will be the finest in the town.

The C. J. Smith Realty Company is handling the real estate on the T. N. B. Kocher.

This place contains 80 acres and brings a good return.

Dr. Loman returned last Friday night from his trip to Portland. Chris Gaynor is in charge of the drug store during his absences.

He had an unusually busy day, "although we have not written we are as much aloof as ever." Boston has been in charge during the absence.

Mr. Loman has arranged the existing of the store and quite a number of miscellaneous arrangements are in order.

A very pleasant entertainment was given in the evening of the 11th by a committee of ladies consisting of Mrs. Atwood, Mrs. W. S. Holmes, Mrs. E. B. Kent and Miss Edna Eversen. The program consisted of music, reading from the Bible, the Alps, the Kimberley, and an Art Gallery consisting of a collection of paintings from Nina Riley Kent made a sketch of the Olympic B Grade as it was also played and also of the game of 78. Later in the evening the Virginia Red was danced. Among the invited guests were members of the band who brought their instruments along and fashioned the guests with some very fine selections. Refreshments were served during the evening.

Kernville

Clarence Williams, Bruce Pedal and their friend Billie have been here.

They like our country so well it is hard for them to leave. They are talking of their returning and staying for the closer season.

We notice that some folks are going to Oregon and getting ready to see new cities and gain a new view.

Some people think that hole will make splendid cow feed. None of the folks here think of raising more than a few cow food.

We have no store in town now.

Two stores seem to be making more trade.

Rock Creek

Warren Wright and wife have returned from a visit of about a month in the Willamette Valley.

Jane Reeder and family are visiting at this time.

W. W. Walls spent several days last week at Milwaukie.

J. L. Martin is making extensive improvements on his lot.

W. C. Fiechter, of Staley, visited friends and transacted business here last Saturday.

We want news of the people who we do not see, but who visit regularly from far-off places.

Mr. W. S. Holmes has been making a trip to Portland.

There is a prospect of another new house being built on Rock Creek this winter.

Wanting a growing and progressive community.

Chadwick

Mr. and Mrs. Fred Brown, formerly of this place, are visiting relatives here and will return to their home in Bend this week.

Senator Colby is able to be up and around now.

The Ancient Order of the Dames on Monday night, will have a guest speaker, Mr. John T. Smith, of Portland.

Mr. and Mrs. Union College and Mr. and Mrs. John Daniel visited friends here this week.

Mr. and Mrs. James Curlinger have returned from their trip to California.

There was a banquet from Portland at Edgyville last week. He said it was held in honor of the ladies and gentlemen of the town and was attended by all the members of the place.

Our opera is on.

Editor Luman—If the ways we understand the Lincoln County farmers at present seem to market our products, eggs, vegetables, stock and fruit are rapidly developing. In your former letters you did not show that better methods can and should be followed. The general idea that such would improve the quality, increase the demand and bring a better market price.

These are high aims, I admit, and they may take some trouble, but the result is well worth the effort.

There are tons of thousands, of cattle and farmers East and West are busy along these lines. One cannot but notice that and greater demand for marketable goods will be apparent, not only the days were few, but also that the breeds of cattle and hogs in improvements is the same.

On account of the absence of the manage, Joe Dick, Genster, he is handling our stock much better.

Little Elk

We are getting plenty of rain now.

The hay is getting plenty short in this vicinity.

We did not understand anything from Little Elk last week. It was not that there was no work done, for there is something doing along here all the time.

The Fernier did not paint at all last week, so the embroidery school is about done. In a little girl was given typewriting lessons.

These were several wild fires killed in these parts last week.

Bill Siler killed three cattle and a small Giovanni killed two.

Bill Siler killed seven cows last week.

It is a good harvest as well as a good trip.

It is very good for the hay does not go on being harvested.

The second novelty, the quantity, always growing, never to be cut off.

We have had a clear atmosphere.

Our poultry and egg products, varying in numbers from 20 to 300. This number varies according to the size of the market and may be for a week.

The eggs are the result of our poultry and egg products. They are the result of our poultry and egg products. The eggs are the result of our poultry and egg products.

We have received the valuable book of the Little Elk stock.

A district association is formed of poultry and egg products, varying in numbers from 20 to 300. This number varies according to the size of the market and may be for a week.
