SAVED FROM AWFUL PERIL.

"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio. R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. Kings New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of croup." A COMMON COLD.

We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgement. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contacting these dangerous diseases. For sale by Toledo Drug Co.
