

### School Superintendent Replies

Editor of the Lincoln County LEADER:—I wish to call the attention of the public to a communication from Waldport, which was published in your last issue, under the heading of "Vacancy on School Boards?" In this article the author gravely announces that there is a vacancy in the Waldport school board. This announcement may lead the public to believe that I am neglecting my business as Superintendent. I now wish to state that I have received no official notice of such vacancy, in Waldport or any other district. But on the contrary I have received a letter from the wife of the director, in question, which informs me that the family is living at their home in Waldport, and that the husband is away from home on business, and that it is his intention to return soon, and that he desires to retain his office as trustee. Now what would the good people of Waldport have me to do? I will venture to advise the Waldport school board to follow the law, as well as all other boards, this it is to be supposed, they are doing. Here is the law in regard to vacancies.—The county school superintendent shall declare the office of a clerk or director vacant upon the happening of any of the following causes:

1. The death or resignation of the incumbent.
  2. When an incumbent shall be removed from office or his election thereto shall have been declared void by the judgement or decree of any competent court.
  3. When an incumbent shall cease to be a resident of the district.
  4. When an incumbent shall cease to discharge the duties of his office for two consecutive months, unless he shall have been prevented from discharging such duties by sickness or other unavoidable cause.
- There has been a few resignations since the last annual election. They were written in a formal manner, and I declared the office vacant as soon as I received a written resignation.

Truly Yours  
R. P. Goin

### A Talk to Farmers.

Editor LEADER:—I ask space for a few words with the farmers of Lincoln county. In past years you raised thousands of bushels of potatoes and made money as you had cheap transportation. We have the climate and an unlimited amount of the best lands in the world for producing apples, potatoes, cabbage celery and all other products that the markets of the world desire. Our difficulty has been in reaching these markets with any profit to ourselves, as we are compelled to ship by rail a long distance over heavy grade before we have reached the rich Willamette valley and could not compete. But now a happy change has come over us with an assured fact of using the waters of Lincoln county through the organization of the "Lincoln County Transportation Company" with Lewis Montgomery president, and Wm. Searth secretary and treasurer, whom you know, both being men who have made a success of their own business. George Tyler will be master of the new fine boat that the company has purchased to serve us, he is also a director in the company and will ably serve our interests. The live citizens of Newport, Toledo, Waldport and Siuslaw have shown their faith by taking stock in the company and to cap the climax Portland with her usual push (contrary to the wail of the croaker) has shown her faith in Lincoln county by taking stock and putting up her good money. Three of her oldest and most reliable wholesale houses have taken \$500 of the stock each to-wit: Allen & Lewis, Wadhams Co. and Fleschner Mayer & Co., thus insuring good treatment of our people. This fine vessel will be on the route in a very few days. Will be permanent (can't be bought off), reliable and reasonable in freight rates. Wants your patronage and co-operation. Toledo will furnish free wharf and warehouse to the farmers and shippers. I am sure Newport, Waldport and other points will do the same. Now is seed time enlarge your acreage, show to the world that Lincoln county is claiming her own. Let the Apple Association get busy, get closer together, prune, spray and cultivate. Let not the Man of "Nod" should he feel funny and truthful in the future, say apples grey, fell and rotted, that where one blade of grass grew one blade continues to grow. Catch the spirit of the age. Let the small and insignificant sing their siren song of sectionalism and "you can't make it go" until they get tired. By co-operation we can make a fine success. Meet the company and those good people of Portland half way by raising an abundance of potatoes and other produce to load the vessel on each trip. You know you will make money. Be more prosperous and happy by seeing boats going out loaded from the Alsea, Yaquina and Siletz bays. Transportation is here now, plant your ground with the various commodities. Let the people of Lincoln county get busy. Get closer together. Co-operation is the word. What we have done we can do again, better as our own people are at the helm, and your transportation is assured. Invest your surplus in stock of the company which will pay you well on the investment, and you will become a part of the earnest effort to better your homes. Now is seed time, what shall the harvest be. Yours for success.

### STIFF NECK.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment.
