**Resolution.**

Newport, June 21, 1910.

Editor LEADER:—The Newport and Lincoln County Commercial Club requests you to insert the following resolution in your next issue. This matter is of general importance to the voters of the county, and we would appreciate it if you could find space for the insertion.

Very truly yours,  
S. G. IRVIN,  
Secy Commercial Club.

RESOLVED, That for the general information of the voters of Lincoln county, that the several candidates for the office of County Judge and County Commissioner be requested to state in the public press, at an early date, their plan for raising and expending the county funds—especially in the building of roads and the betterment of the public schools.

Again we notice the Newport correspondent for the Oregonian has been having bad dreams. This time it is concerning the strike at the Fir & Spruce Sawmill here. If there has been a strike at the mill it is news to us, as the mill seems to be running daily with a full crew. We admire our friend's ability to rustle news for his home town but we believe when he attempts to give Toledo's news he would be more able to give facts if he would investigate conditions or leave Toledo's news to the regular correspondent here. Another thing we notice is that this same correspondent cannot forget the spasm he had some months ago because most of the county officers are residents of Toledo. Certainly they are residents of Toledo. And as long as the courthouse is located in Toledo it is almost certain that a majority of the men holding the county offices will be residents of this place. When this county is cobwebbed with trolley lines and cars are running to the county seat from every direction every few minutes, perhaps some of the officials will reside at their homes and come to town on the car each morning to attend to their official duties. But that time hasn't arrived yet and our officers will continue to reside at the county seat during their term of office, at least.
