It is admitted that the southern end of the county is entitled to a representative in the County Court. It has been years since that section has had such a representative, and now they have one of our very best men nominated for the position. A vote for C. N. Thompson will be a vote for a man fully competent to act as a Commissioner. Mr. Thompson has been a resident of the county for several years and understands the conditions. He is progressive yet careful and the affairs of the county in the hands of such men will be in good safe hands.

Beginning next Sunday morning the Corvallis & Eastern will extend the train service between Albany and Corvallis to Philomath. The train will run daily, except Sunday, as follows: Leaving Albany at 7:40 a. m., Corvallis at 8:20 a. m., arriving at Philomath at 8:35 a. m.; returning, leave Philomath 8:40, Corvallis 9:30, arriving at Albany at 10:10. This will give two trains each way daily, except Sunday, between Albany and Philomath.

Register.

The registration books are again open. All who failed to register before the Primary election can now again have the opportunity to do so. Voters who did not register but who voted by signing Blank "A" must register now or go to all the trouble to sign blank "A" again before voting at the general election. Hurry! You have only two more days.

The increase in livestock production throughout the Northwest following the establishment of a big market at Portland is shown in receipts at the local packing plants. One day last week receipts at the stockyards were over 4,000 head. These animals were shipped from various localities in Oregon, Washington, Idaho and Montana and such deliveries show that the money formerly going east for large shipments of livestock is being kept here at home.

The apple crop of Oregon for 1910 is estimated to be 1600 carloads or approximately 1,000,000 boxes. The value of the crop is \$2,000,000. Oregon has 93 per cent of a full crop.

Oregon orchards yielded prunes this year estimated at 15,000,000 pounds. Quantity and quality are superior to the 1909 crop. Prunes will bring the state about \$1,250,000 this season.

The peach crop has been the largest in the history of the state. Grapes of the Rogue River Valley, the Willamette Valley, The Dalles and Eastern Oregon are excellent in quality and appearance, while the yield is large.

The largest fruit and vegetable evaporator in the United States is located at Dayton, Yamhill County.

The Willamette Valley produced 100,000 bales of first grade hops this season, as compared with a yield of 82,000 bales last season.

Oregon's cranberry harvest has been heavy. Four hundred bushels an acre, with a clear profit of \$2 a bushel, is not an unusual yield for Western Oregon marshes.

During the past five years, statistics show that Oregon has increased 60 per cent in manufacturing.

It is expected that 20,000 wool-growers will visit Portland during January next, when the National Association of Wool Growers will hold its annual convention in that city.

Oregon's public lands comprise 18,225,694 acres. Eastern Oregon has 500,000 acres of school lands. Because of attractive colonist rates in effect this Fall, the immigration to Oregon has been greater than ever before in a like period.

The total value of agricultural products of the state for the current season is given at \$115,000,000.

Oregon harvested 17,000,000 bushels of wheat this season, 11,000,000 bushels of oats, 6,000,000 bushels of potatoes, 2,000,000 pounds of wool and 100,000 bales of hops.

Portland building statistics show a decided increase. September, 1910, 606 permits, value \$1,391,260; September, 1909, 509 permits, value \$1,288,300.

Lane County has 38 lumber mills with an annual cut of 200,000,000 feet.

Oregon's agricultural products this year will amount to no less than \$115,000,000, according to the estimate of Dr. James Withycombe, director of the Government experiment station at Corvallis. Add to this figure the many millions derived from its timber manufactures, mining and commerce, and it is not surprising that Oregon is such a prosperous state. Dr. Withycombe's estimate of the year's crop and their values follows: Livestock, \$25,000,000; dairy products, \$14,000,000; wheat, 17,000,000 bushels, \$13,750,000; hay, 900,000 tons, \$10,000,000; oats, 11,000,000 bushels, \$6,000,000; potatoes, 6,000,000 bushels, \$5,000,000; fruit, \$6,000,000; poultry products, \$5,000,000; wool, 20,000,000 lbs., \$4,000,000; hops, 90,000 bales, \$3,000,000; miscellaneous products \$23,250,000; total, \$115,000,000.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Atamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25 cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.
