

**WILL R. KING**  
Judge of the Supreme Court

**Candidate for Re-Election, Six Year Term, Whose Place is Sought by Geo. H. Burnett, Assembly Nominee.**

Judge Will R. King was born near Walla Walla, Washington, Oct. 3, 1861, and removed to Oregon in the spring of 1871, since which time he has been a continuous resident of this state. His college education was acquired in the State Agricultural College, after which he graduated from a law school in Danville, Indiana. He commenced the practice of law in 1892, served six years in Oregon Legislature, two years in the House and four in the Senate, and was recognized as one of the leading members of that body. He has served four years on the Supreme Bench, two years as commissioner, and two as associate justice, and is a candidate to succeed himself for the six year term.

That his decisions rank high among the bar is evident from the fact that he is supported, along with the three other members of the Bench who are candidates (Judge Moore, McBride and Slater), by the non-political judiciary movement, which was authorized by the Oregon State Bar Association, and has for its object the complete removal of the judiciary from political obligations and influences. In referring to Judge King the Oregon Daily Journal of Portland, recently said: "One of the ablest jurists in Oregon is Supreme Justice Will R. King. He is known throughout the state as an independent thinker of profound powers of analysis. He has the reputation among laymen as well as the members of the bar of applying a great deal of common sense as well as broad intelligence in construing the law. Judge King is opposed by George H. Burnette, who was nominated by the Assembly, who accepted the nomination from the assembly and who stands on the platform of the assembly. . . .". Against the custom of selecting the Supreme Court according to the politics of the candidates, the Non-Political Judiciary executive committee advances among others, the following arguments:

A non-political supreme court means a supreme bench with no party debts to pay. The judges of the supreme court are strictly non-political; the supreme court, then should be on a non-political basis.

It is only political hacks that want to make the Bench a reward for political service.

No injury is made into the political opinions of a juror; the politics of a judge has just as little to do with his qualifications.

There is no good reason why good judges should be put off the bench on account of politics and other judges put on the bench in their stead on account of politics.

Remember the four candidates recommended by the Non-Political Judiciary movement are Judges King, Slater, McBride, and Moore, all present members of the Supreme Court. (Paid Advertisement.)

Judge John S. Coke is the regular Republican nominee for Circuit Judge to reside in Coos County, but he is not the nominee for the Democratic party, though his name may appear on the ballot as "Republican-Democrat". By pre-arrangement his name was written on the Democratic primary ballot in a number of precincts and he received probably 100 votes in the entire district. (Paid Advertisement.)

J. M. Upton, independent candidate for Circuit Judge to reside in Coos County would have the voters of Lincoln County defer to the wishes of the people of Coos Bay, who alone are specially concerned in the matter of that Judgeship. Mr. Upton was endorsed by over 700 voters of all parties within four days after expressing his willingness to become a candidate.

**Communication.**

Rose Lodge, Or., Oct. 10, 1910.  
Editor LEADER:—We have been favored with a visit from two county candidates, Mr. Morrison and Mr. Stocker, and I think the way most people at this end of the county feel they will get a good vote. As it is we have a Republican Court and a Republican Assessor and here we have a Democratic deputy assessor and a Democratic road supervisor. So if that is the way our Republican officers are going to do we will try and put Democrats in first place.

I am not the only one that thinks this way in these parts.

There was a lot of bridge work paid for by the county that if the Court had looked it over I think they would have cut the bill.

FRANK McCORMICK.

**To Voters.**

Less than 300 voters in the district affected signed the Washington-Multnomah county annexation petition; 500 in the district have signed a remonstrance, practically all outside the district are against annexation, yet you are called upon to vote the addition of practically one-fourth of Washington, one of the smallest counties, to Multnomah, already the wealthiest, most influential and powerful. Voters of the state outside of the counties affected can know but little of these county division measures. We of Washington know nothing of merits of those not affecting us, and believe such questions should be left to the counties affected. Washington county cannot afford to lose this territory and Multnomah does not need it. We ask you to vote 339 X No.—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.
