

Lincoln County Leader.

VOLUME 19

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, MARCH 10, 1911

NUMBER 3

COUNTY NEWS News of each Community Gathered each week by Our Rustling Associate Editors

Waldport.

Dr. Mirthorn, of Newport came down on a professional visit Tuesday evening.

O. V. Hurt spent several days in this vicinity the first of the week.

O. F. Wallace, of Montana, was a Waldport visitor last week and has decided to buy a ranch near here.

L. W. Wiedman has the contract for carrying the mail between Waldport and Tidewater.

The Tidewater postoffice is to be made a money order office on April first which will be a convenience to the patrons.

Petitions are out asking for a road up Eckman Creek. If this road is established it will accommodate considerable traffic.

Henry Bobell of the Yachats has sold his place to Mr. Callahan of Newport the consideration being five thousand dollars. This place is said to be the finest quarter section on the creek.

The Waldport school has been closed down for a short period on account of the measles. One family is under quarantine and it is hoped the disease will not spread.

The Grange will give a basket social Saturday evening. A splendid program has been arranged and a large attendance is expected.

Bay View.

Bad cold and la grippe all through the community.

The farmers are plowing and making ready to sow Spring grains.

Mr. Hanson of Drift Creek was in Bay View on business Tuesday.

Mr. Yorke was down from his Drift Creek ranch on business Tuesday.

Mr. Oakland is taking some of the old stumps out of his fields by blasting.

The strong east winds of last week caught some of our neighbors in Waldport on Monday and one of them crossed to Lutjens and walked home.

Kernville.

Died—March 3, 1911, George Wood's father, aged 83 years and 6 months. He had been making his home with his son, George, for the past two years. He was a fine man and said "I am ready to go at any time." His desire was to die without a lingering spell of sickness. He was sick but three days, and was laid away on the hill top overlooking the ocean just above the J. W. Bones residence. A large concourse of friends followed him to his last resting place. All join in sympathy with the son and wife who are left with one vacant chair in their home. Mr. McClintock officiated in conducting the funeral.

The old gentleman Sijota has been very sick with la grippe, but is some better at this writing.

Mr. and Mrs. Ray Braden returned home last week from the Valley, where they have been stopping all winter.

G. S. Parmele & Sons have their donkey engine running clearing ground.

J. M. Stone has been blasting the last few days, getting out some of the large stumps. Uncle Jesse thinks the ground could be put to a

better use by removing the stumps and sowing grass, making more feed for cows.

L. Johnson was a Drift Creek visitor for a few days last week.

Mose Gilem passed through Taft with his new wife last Friday.

William Dick and wife returned home from the Agency last week, bringing his daughter, Mrs. Holland, with them.

A scow load of feed came down the river Saturday for Jackie Johnson. Mr. and Mrs. Johnson are expected home soon.

The Ladies' Sewing Club is increasing members. The membership now is 20. Mrs. Hemstreet is to entertain the club next Thursday.

Miss Pearly Bones is expected home this week.

Otis.

Good weather these days and everyone busy farming.

Royce and Dickens have finished their farming.

G. S. Parmele & Sons have been working on the Otis schoolhouse for a couple of days.

Miss Nellie Nixon has been employed to teach in the Resch district, south of Devil's Lake.

Leslie Bob is clearing land for Mr. Helenbrandt at Logan bridge. Mr. Helenbrandt will have a fine dairy farm there some day.

We will soon be hearing the hum of the cheese factories again. We have two in this neighborhood. Both did good business last year. We are told another will be built on the south side of the Lake this year.

On the 15th ult. Miss Helen Harding was married to Mr. Maurice Bennett Shea of Portland. The young couple left for Los Angeles on their wedding trip. May their married life be a long and happy one.

Miss Hazel West has been employed to teach the Otis school.

Now is the time to prepare to raise something for the County Fair this Fall. We were told our part of the county was not represented by exhibits last Fall. That's too bad, when so many things which can be raised here cannot be excelled elsewhere. Vegetables, grasses, grains, etc., grow fine. Let everyone try for a prize along those lines. It will be a benefit to our growing country.

Linville.

Mr. Dougherty had a narrow escape from a very painful accident one day last week while burning brush on the school grounds. He was stooping over the fire placing some logs and brush when the wind suddenly turned and sent the blaze directly into his face, burning his hair and eye brows—but worst of all Mr. Dougherty has lost his mustache.

The Bay View baseball nine was up on Drift creek last Sunday, and failing to find any ball players, they tried to scare up a race. Andrew Simmerson was riding a fine red animal and he challenged all comers. Now if Frank had only got Dick broke we would have surely had a go or two, but we will try and not have the boys make the trip again without finding some amusement.

Miss Carrie Wheelock returned Tuesday from Bay View, where she

has been visiting her many friends for a few days.

Herbert York has accepted the position as school teacher in the Bay View district for this coming term.

Mr. Durbin, Alfred Barclay and Mr. Thompson of Waldport were in our neighborhood last week. Mr. Durbin was doing a little surveying.

Mr. and Mrs. Sagendorf spent Sunday with friends on lower Drift creek.

Siletz.

Wm. Metcalf's family mourns the loss of their little son, who died last Friday night.

The Siletz-Upper Farm Mutual Telephone company has been organized and we expect to see a complete installation of this line in a short time.

A meeting for the purpose of organizing a company to put up a cheese factory will be held on the afternoon of the 11th inst. A thorough canvass of the situation has been made and it is confidently expected that the enterprise will be formally launched. This proposition has met with ready approval and it is believed that the advent of one successful cheese factory will lead to the establishment of several others in the near future.

The boys have organized a baseball team, with Casey and Lane the battery. Al Lane, captain, and C. S. Davis, manager. The boys desire to form a four-club league, composed of Toledo, Newport, Elk City or Nashville and Siletz.

Contrary to the views of your Elk City correspondent, we believe that there is no healthier relaxation than baseball, both from the view point of players and spectators.

The Dramatic Club is making great preparations for their April 1st presentation, at which time practically the entire club will take part.

M. S. Collins, the sawmill man, expects to have a busy season. He has orders on hand for over a quarter million feet of lumber.

Elk City

Three weeks of pleasant weather—not bad for February?

Col. F. J. Parker of Portland is spending a month at the ranch.

Farmers have their seeding for the Spring about done.

George Hoefflein has finished the bridge across the bay at this place, and it is a good one.

Dr. Tatom, the dentist, has been at Elk City and Chitwood for the past ten days. Doc is an old timer in these parts.

The C. & E. fencing gang has been here the past week.

It is reported we will have four launches on the run between Elk City and Newport this Summer. This will make it very handy for the traveling public.

C. P. Bevins, an old-timer in these parts, is visiting his sister, Mrs. M. W. Simpson.

Robert Tassel, Jr., a brother-in-law of P. J. Parks, is visiting friends for a time here.

Population in these parts has been on the increase lately. We will soon be prepared for the Japs.

C. W. Young cut his leg while cutting brush on his Big Elk farm. Mr. and Mrs. Woodford have

returned from Albany, but do not open the hotel for some time, but the traveling public will be cared for.

Spring trout will soon make their appearance. A few have been caught.

The wise statement of last week's correspondent to the LEADER is not the sentiment of this community on the matter of the National Game. The loss of the grounds is a black eye to most of our people as well as the town, and we will be obliged to follow the sport to other places in the future. Base ball has been a very pleasant sport for this place in the past and the boys have made it pay expenses. It has cost some of us a few dollars to follow them but it went with a free will, and we will continue to root if we have to leave home to do it.

Eddyville.

Every body busy these nice days.

A. M. Baxter and family are down with the la grippe.

Stock has wintered well on the range with small loss reported.

D. Weltin, who has one of the largest grain farms in this vicinity, is about through seeding.

The Eddyville Literary Society met Saturday evening and after the transaction of business previously reported, adjourned until the first Saturday in October next.

The Willoughby Brothers have made some permanent improvements on their ranch by clearing land and fencing.

W. F. Wakefield is building one half mile of woven wire fence that he may better protect his Jerseys from the goats and sheep.

Jno. P. Stringer, our senior merchant, received a car load of mill feed last Saturday. His store is situated at present in the postoffice building on main street.

The Elk City correspondent of last week, is evidently a "Back Number" who has no pleasures in life, and would prevent all others from enjoyments if possible. He seems to exult over the fact of the boys losing their baseball ground, and intimates that those favoring baseball playing are weak minded. Now I will venture to say that there are not three persons in Elk City precinct that will agree with him in his views, which is proof of who is "afflicted." In regard to the "expert gardner sent to the asylum" it is possible the people of Elk City made a mistake and sent the wrong man to Salem, in which case the sooner they make the exchange the better as the base ball season will soon open, and things would be more pleasant for the players. We all hope the boys will be able to secure ground for another diamond at Elk and continue to play ball.

Real Estate Transfers.

W T Sheppard and wife to Fred Kircher, lots 9 and 10 block 20 in Kewanee add to Newport. \$250.

Hiram Longcoy and wife to Barbara Becher lots 5 and 8 in the town of Grand View. \$30.

R. N. Walters last Saturday sold his gasoline launch to J. D. Hamaker.

Go to H. E. Peterson, the Jeweler, for your Spectacles and eye glasses.

Mrs. F. L. Nulton and Mrs. Jos. Swearingen were Elk City visitors yesterday.

We can save you time and money and give you glasses that give you satisfaction. Toledo Drug Co.

Congressman Hawley's bill granting relief to the Siletz settlers passed the Senate and was signed by the President last Saturday.

The Ladies Aid Society will meet at the home of Mrs. A. M. Gildersleeve next Tuesday afternoon.

Mrs. J. F. STEWART, President.

The assistant superintendent of Chemawa Indian school near Salem was here last Saturday, and in company with Marshal Ed Paine went to Siletz and arrested six Indian boys who had run away from the school. They were taken to Chemawa Monday.

Come And List Your Property With Us.

We have co-operated with several Leading Real Estate Firms of Portland and we expect a large emigration in the near future, those who wish to sell their Farms and City property, call at our office and List your property and be one of the first to sell.

We are now selling the Horning 11 five acre tracts at a reasonable price and they are going mighty fast, come early and make your selection. CHRISTOPHER & CROSO.
