### A New Rooming House.

F. J. McElwain has begun the construction of a large rooming house and gymnasium at the corner of Hill and 6th streets. The grading work is being done, and Ted expects to have the building completed within a month or six weeks. The building will be 30x44 feet, three stories, the first two stories will be fitted up with rooms, about sixteen in number, and the third floor will be equipped as a gym, with all the latest, up to date paraphernalia. This is a much needed addition to the town. With the arrival daily of new people our hotels and rooming houses have been taxed and in many instances people have had a hard time finding rooms. The gymnasium is another needed improvement.

The Yaquina Electric Company is the name of the company that has taken over the plant of the Newport Power Company. It is the intention of the new company to completely rebuild the line, giving Newport as good service as can be had.

Charles H. Burggraf of Albany was a visitor in this city over Sunday. Mr. Burggraf gave an impersonation stunt at the Dime Saturday evening, which was highly appreciated by the patrons of the theater—and the police did not molest him.

The Mayor of Newport has named May 1st as a cleaning up day, and on that day the people of that city will turn in and clean up their yards, streets, etc, and beautify the town generally. We think this scheme could be adopted with profit by Toledo.

The carpenter work and painting of the new school house has been completed. As soon as the plumbing and heating apparatus installed, the building will be ready for occupancy. Toledo can now boast of the finest school building in the county.

J. H. Ross and F. J. McElwain have formed a partnership and will go into the real estate business. They have rented rooms in the Oistedahl building and their office furniture will soon be here. The firm intends to handle anything and everything in the way of land. They have named their business the Toledo Realty Company.

## Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

G. H. Horsefall of Rock Creek was a visitor in this city Wednesday night, returning home this morning.

Dave Ross and family went to Dallas last Monday morning, where Mr. Ross will run an engine for Mr. Ebbe, who has a road contract there.

Mrs. Frank Newton returned home last Friday evening from a visit with her parents at Oregon City. She was accompanied by Mr. Newton who joined her at Albany.

J. W. Newcombe of Portland has taken charge of the harness making department of the Toledo Tannery. Mr. Newcombe is an old hand at the business having worked at that trade in Portland for a great many years.

Al Waugh has installed one of the most complete, and up to date, soda water fountains to be found this side of Portland. It is what is known as an iceless fountain, requiring less ice to keep the contents cool than any other fountain made. It is covered with marble and lighted by electricity, and it certainly is a credit to the town.
