The Lincoln county fair will be held at Toledo September 5, 6, 7 and 8.

Have you subscribed for any stock in the Lincoln County Fair Association? If not, why not? This is something we should all be interested in and should do all in our power to make it a permanent success.

The Salem Board of Trade has arranged a unique boost for that city. Pastors of the local churches have been induced to devote one day to preaching the attractions of Salem and the first Sunday in May has been selected for the booster sermons.

It is not too early to start the annual fight against the usual timber loss, believes the Oregon Forest Fire Association, for this organization is in the field lining up timber owners to patrol their holdings during the dry season, seeking a more rigid enforcement of the law and co-operating generally in the good work. This association points out that 80 per cent of the value of the timber goes for labor and materials, thus giving the entire population a direct interest in preventing its destruction.

John Fleming Wilson's new book, the "Land Claimers," has reached the book stores here. The Land Claimers is a story of life in the big Siletz woods in this county, consequently is doubly interesting to our people. Mr. Wilson is a short story writer of National reputation, but this is his first attempt to write a book, and it is a good one. Having lived here for several years, while publishing the Newport Mail, he became well acquainted with conditions in Siletz, and he has well portrayed them.

The preliminary work on the new water system is nearly completed and actual construction will soon be commenced. Advertisements have been placed asking for bids for the bonds and other advertisements have been placed asking for bids from contractors to do the work. The bids for the bonds will be opened Wednesday evening, May 10th, at eight o'clock. The bids from contractors will be opened, Monday, May 15th, at 7:30 p. m. It is estimated the work will be completed within sixty days from the time the contracts are let.

Portland, Or. April 25 (Special)—Plans for an Oregon land show, to be held next March, are now being developed by the Portland Commercial Club. Manager Chapman believes the scheme would prove the best possible means of interesting colonists who reach Oregon at that time. Exhibits would be gathered from all the orchard districts of the state and the exhibits would be not particularly fruits but of the land itself and how it is cultivated, giving the prospective settler an object lesson in the care of the land and the successful methods of tillage. It is thought the show will be participated in generally by the whole state and will give each section an opportunity to display its advantages. Such an exposition would not only bring settlers but would also educate those already here and influence town people to settle in the rural districts.
