## COUNTY NEWS News of each Community Gathered each week by Our Rustling Associate Editors

### Waldport.

Ira Bray made a business trip to Portland last week.

Waldport will probably celebrate the Fourth of July. Committees have been appointed to make arrangements.

Harvey Linton spent a few days with us last week visiting his brother, Doctor C. E. Linton.

Mrs. Martha M. Cauthorn has gone to Portland for a few months.

Paul Finch is now located on his homestead near the Bulkley ranch.

The stork visited Mr. and Mrs. L. V. Colvin a few days ago at Lutgens.

The bar buoy at the entrance of Alsea Bay broke loose during the recent storm. It was caught by George and Archie Rowin inside the bay and towed to a safe place.

Land is being cleared for the new high school. No bids have yet been received for the construction of the building.

Beaver Creek came over again Sunday and succeeded in beating the home team by a score of eleven to twelve. The game was very interesting from start to finish. Manager Roy McMillin of the home team was struck in the mouth by a batted ball and suffered considerable for several days. As Roy is the only bass player in Waldport the band is also out of commission for the present.

### Otis.

We are sorry to announce the death of Andrew Baxter, May 13th. He was buried in the Indian burying grounds on H. Curl's place, the 16th.

John Dickens is doing some good road work on the Baxter bottom.

The rains have stopped work at present.

W. Gardner has bought Mr. Wheaton's place and stock on Salmon river. Mr. Wheaton will start for the Alberta country soon.

George Wood of Kernville has a fine dog he wants to trade for a Holstein calf. Nothing but registered stock wanted.

The Drift River cheese factory is a sure go now. Mr. Parmele has contracted with Mr. Jesse Bosler to build the factory and make the cheese. Jesse is a rustler and we hope him success.

We understand Dr. Fillops has a license to swim horses at the mouth of Siletz.

We are sorry to hear Mr. and Mrs. George Wood are going to leave Kernville. They go to Astoria where Mr. Wood will be employed by the Elmore company.

Someone wrecked one of Mr. Dodson's new boats at Taft last week. Smashed in one side and cut it loose so that it would go to sea, but it did not go. This is bad work and will be worse if the party is caught in the act. Mr. Dodson keeps a free boat there so as to set people across the bay, and it is a great accommodation to the public.

The stormy weather is getting the roads to Sheridan very bad. But we can live just the same. Mr. Will Dodson keeps a well stocked store at Taft and sells at prices that would not pay one to haul in stuff from the outside even if we had a plank road.

B. E. Oviatt is about laid up with sore eyes so he could not attend the teachers' institute.

James Miline is on the sick list. We are glad to know some of our neighbors are getting patents to their land.

W. Gardner and sons have gone to Toledo to spend a few days.

We heard Charley Harding is going to Texas to look for oil wells.

### Bay View.

### Perfect Attendance.

The following pupils of school district No. 11, were perfect in attendance, and excellent in deportment during the month ending May 19, 1911: Clay Sugg, Julia Brown, and Walter Brown.

D. W. JONES, Teacher.

### County Permits.

"All county permits will expire in June." This is what the Attorney General says, and we will have to obey. All county Permits or Temporary Certificates will expire at the June examination. Teachers who are now teaching on permits will have to take the examination, unless their permit was granted on a certificate, from some other county, that does not expire till August or later. I will grant a permit, after the June examination, to persons holding certificates, valid in other counties. Such permits will be to the December examination.

It was hoped that the Attorney General would not make such a ruling, for it will work a hardship on all teachers who are teaching on permits, they received by taking an examination.

R. P. GORN, School Superintendent.

### M. E. Church Notes.

On next Sabbath morning will be held the annual G. A. R. Memorial Service. Special music and memorial sermon.

Johnny Peterson, telegraph operator of Albina, came over Sunday on the excursion train and spent the days with his folks.

### Baseball Sunday.

Newport and Toledo will cross bats on Toledo grounds next Sunday, game starting at 2 o'clock. These teams are evenly matched and will put up a good game.

This office is this week getting out the second annual edition of the "Blue and Gold," the High School paper. This edition will be much larger than last year's and will have illustrations. It is a nicely written paper and reflects much credit to its youthful editors. Everyone should secure a copy at the Commencement exercises next Wednesday evening.

Mr. and Mrs. H. J. Gaskill have rented the lower floor of the Mrs. Ofstedahl residence. Mr. Gaskill is the new superintendent of the Fir and Spruce sawmill here. They arrived last week from Oklohoma, where Mr. Gaskill has been in charge of a lumber yard for the past several years.

The commencement exercises of the Toledo High School will be held at Woodmen Hall next Wednesday evening, May 31st, at 8 o'clock. The graduating class consisting of Misses Annie Hawkins and Elma Waugh. A good program has been arranged. The public is cordially invited.

### City to Purchase

#### Present Waterworks.

At the Adjourned session of Council last Friday evening a deal was put through whereby the city will take over the holdings of the present water company. Attorney Bryson of Corvallis represented the water company and met with the Council and explained where the company stood in the matter and that if their difficulties could be settled amicably they would much rather settle it that way and avoid expensive litigation. He said the company had expended \$8300 in building the plant and that this money was all spent in good faith, and they thought it no more than right, in view of the city constructing a system of its own, that the city should purchase the company's plant at a fair price.

The Council made the company an offer of \$6000 for its entire system, pipe lines, reservoir, leases etc., which offer was accepted by the water company. This money will be paid by voting a second issue of bonds, which bonds will be taken by the company in payment for their water system. A special election will be called which will probably be held about the first of August and at this election the question of voting these bonds will come up. The City will take possession of the water system about the first of next month and will immediately begin repairs to put the system in better condition for the Summer. It is thought we will be able to turn the water from the Mill creek pipe line into the mains about the first of August.

#### Sixteen to One.

The above is a mistake as the score was sixteen to two, as anyone can tell you, still for all of the big score it was a pretty good game in spots, the only trouble was that their wasn't spets enough. The game opened with Elk City at the bat, and it looked for a while as though they were always going to stay at bat, but after they had galloped around the block seven times, Toledo then shut them out for three innings when they let them run in another score, in the sixth inning they got four more n.e.a around the sacks, in the seventh another goose egg, in the eighth four more tallies, and in the ninth another egg. Toledo made its scores one in the fifth and one in the eighth innings. Frank Newton umpired the game.
