NUMBER 15

COUNTY NEWS

News of each Community Gathered each week by Our Rustling Associate Editors

Waldport.

William Plympton of Portland is visiting with William Miller.

John Beach came over last week from Corvallis and went down to the Yachats where he has property.

The Port of Alsea is advertising for bids for the construction of floating docks at Waldport, Tidewater and Lutgens. This is dividing things up in an impartial manner.

The Wilhelmina surprised us the 26th by coming in at Two o'clock over a strong ebb tide. She discharged her cargo in time to get out again just at dusk.

The Condor and the Gerald C reached Waldport the 27th. The Gerald C left her cargo of supplies at the Elmore cannery and sailed the following day.

F. C. Barnes, the Portland canneryman came down to Waldport the 24th and has arranged for the immediate construction of a cannery at Waldport. Ground has been leased from A. L. Baldwin. The cannery will be built just north of the Linton drug store. With two canneries in operation on this bay the fishermen will probably secure an advanced price for their salmon.

A large crowd went over to Bay View Sunday to see the game of ball between Waldport and Beaver Creek. The game was played in Simonson's field and the ground was very uneven. This caused the score to run up as it was almost impossible to tell which way a ball would bounce. Waldport won by a score of 25 to 13.

The Chinook salmon run has already started in Alsea Bay. They have even began jumping which is something unusual so early in the season. The open season for fishing does not begin until July 15th.

Otis.

Frank Bond of Grand Ronds was in on Salmon River buying cattle this week. He bought all of John Baxter's band. He is paying a fair price.

John Dickens, deputy road boss, is doing some good work. He has graded the Curl Hill in fine shape, which is a great help to the milk haulers. They talk of setting up a keg of beer to the road hands as John don't drink.

A Mr. Pomeroy from Portland, with a small gasoline launch tried to come into Salmon river last week, but the storm drove him on the south spit. He will save the engine but the boat is a total loss. He had on about 10 tons of freight which was all saved.

Jasper Aggey, our assessor, was down this week, so now we all know how much we are worth.

Our first pedlar of the season was here this week. He did quite a business.

Putt Eiler has rented Mr. Cosby's place and wants to buy some good milk cows.

Messrs. West and Hardin have a fine lot of cheese on hand. This stormy weather keeps the roads in so bad a shape it is hard to haul it out at present.

Dickens & Oviatt are making 50 pounds of butter a week now.

Mr. Tabor is running his new mill steady now and putting out some good lumber at fair prices.

Toledo's New School Building, the Two Graduates and the Principal

MISS ELMA WAUGH

MISS ANNIE HAWKINS

PROF. A. H. WEBER

Graduates of 1911.
The commencement exercises of the class of 1911 were held at the Woodmen Hall last Wednesday evening, the hall being filled to capacity. The graduates were Misses Annie Hawkins and Elma Waugh. A program was rendered consisting of music, recitations, songs and orations by the graduates. Professor Weber presented the diplomas, making a neat little speech which tended to show the value of an education. The "Blue and Gold," the High School annual was on sale by the pupils and was purchased by nearly every one present.

The pupils of the grammar school will hold their exercises Saturday evening.

Married.

At the home of her parents in Portland, on Thursday evening, May 25, 1911, Miss Lucy Sawdon and Mr. Harry Waganu. Rev. E. H. Bryant, formerly pastor of the M. E. church in this city but now residing at Arleta, Portland, officiating. Only the immediate relatives of the family being present.

Miss Sawdon resided at Toledo for many years before moving to Portland with her parents about two years ago. She is a very estimable young lady and has a host of friends here who join in wishing her a long, happy wedded life.

Married.

In the parlors of the Commercial Hotel in this city, Thursday, June 1, 1911, Mr. Theodore F. Covert and Miss Beatrice Austin, both of Newport, Rev. C. R. Ellsworth officiating.

This couple is well married, the ceremony having been performed twice. Rev. Ellsworth had failed to record with the County Clerk his credentials as a minister of the gospel, which law just went into effect, and on learning of this law he immediately recorded his credentials and again performed the marriage ceremony.

Toledo 7; Newport 4.

Last Sunday the best ball game of the season was played on the Toledo diamond, resulting in the above score. The attendance was good and the spectators' interest in the game was keen until the very end. Fields, the Newport pitcher, is a dandy and certainly knows how to put the kinks to the ball. Van Orden and Fuller of Elk City were the battery for Toledo. They played good ball and greatly strengthened the team. Howell and Van Orden acted as umpires.

For Sale.

Sixteen foot launch, with 3 h. p. Ferro engine. Call at this office.

J. F. Stewart and son, Norman, departed Tuesday morning for Northern Washington, where Norman will remain until about the first of the year with his uncle, Milt Stewart. Norman's health hasn't been of the best and it is hoped the change will be beneficial to him.

Mr. and Mrs. H. Gannon went to Newport last Monday evening to attend the graduating exercises of the Newport High School. Their daughter Miss Viola, being one of the two graduates.

County Commissioner Jno Kentta went to Everett, Washington, last Tuesday, on a week's business visit.

If you want to build call on him. He will treat you right.

Ote McMillen is getting out the timber for the new bridges on the new road. If the money holds out we will have some good roads.

Kernville.

The storm of last week blew the cheese factory down. It tore the boiler room off, letting the boiler drop down into the cellar.

The new man is taking charge at the cannery, and soon Mr. Wood will take his departure.

The large sawmill scow belonging to G. S. Parmele & Sons was taken to sea in the storm and broken up pretty badly.

H. F. Parmele made a trip to Toledo after some head blocks for the sawmill.

Messrs. McCormick and Bohonen spent a few days on Salmon river. Mr. and Mrs. Charlie Robertson

and family made Mr. and Mrs. Almond Bones a visit.

Work is progressing on the new Schooner Creek road as fast as the weather will permit.

Mr. Hammond had a birthday dinner on the 17th. His guests were, Mr. and Mrs. Stone and Mr. Johnson.

Quite a lot of sneezing and coughing going on these days.

Mr. Gardner and family and Mr. Mose Gilem and family went to the Agency. They had to lay over two days waiting for the storm to cease and the bay to calm down so that Mr. Hemstreet could tow the scow across. When it did get so the bay could be crossed there were four teams, three wagons and one loose horse to be crossed.

Bay View.

The first game of baseball played at Bayview was played by the Waldport and Beaver Creek teams last

Sunday. Waldport won the game. There was quite a large crowd both from Beaver and Waldport as well as Bayview residents to watch the game. We hope this will not be the last game played here.

John Hanlon of Beaver Creek was a Bay View visitor last Wednesday.

Mrs. Mary McWillis returned home from Portland this week accompanied by her son, William.

Mrs. P. E. Schmidt, who has been visiting at the home of J. R. Walker, returned to her home in Toledo Monday.

Notice

Two logs were left on my land by the high tides last winter and if same are not removed within one month I will saw them up, as I cannot haul my hay until they are removed.

Dated this 1st day of June, 1911.
G. DAHL.
