George Bethers, School Supervisor.

The county board of education, composed of School Superintendent R. P. Goin, chairman, W. R. Hall of Siletz, W. F. Wakefield of Eddyville, Dr. Minthorn, of Newport, and J. H. Glines of Waldport, met at the county school superintendent's office last Monday afternoon and elected George Bethers as School supervisor for this county. There were three applications for the position.

The new law relating to the creation of the county Board of Education and School Supervisor is as follows: There is hereby created in every county of the state of Oregon containing more than sixty schools districts a county educational board consisting of the county school superintendent who shall be ex-officio chairman of the board and four members appointed by the school superintendent shall appoint on or before June 1, 1911, and every four years thereafter, four persons to act as members of the county educational board who shall serve for four years or until their successors have qualified. They shall receive no compensation for any service as members of the board; provided, however, that the necessary traveling expenses of each member incurred in the discharge of his duties shall be audited and paid as are other claims against the county; provided, further, that the annual expenses of each member shall not exceed \$25.

The duties of the county educational board in regard to the supervisory district shall be as follows: To employ supervisors, other than the county school superintendent which supervisors shall be employed for not less than ten months each year, at not less than \$100 nor more than \$120 per month.

The duties of the supervisor shall be as follows: To work under the direction of the county school superintendent and to attend to such meetings as he may call. To devote his entire time to superintending the schools in the supervisory district for which he is employed, whenever any of the schools in his district are in session. To enforce the course of study prescribed by the State Board of Education.

The selection of Mr. Bethers for this position was a good selection. Mr. Bethers is one of the oldest school teachers in the county. He was county school superintendent of this county for twelve or more years and has taught school continuously here for the past twenty odd years.

He is well versed in school laws and school work. He made the county a good superintendent for years and can be depended upon to make a good supervisor.
