**Closing Exercises**  
The closing exercises of the Toledo public schools were held at Woodmen Hall last Saturday evening. The program, which follows, was interesting and showed tireless efforts in preparation by the pupils and the teachers. At the close of the program Principal Weber presented the Eighth Grade diplomas to the banner eighth grade class of the state. Of thirteen members of this class ten passed and received their diplomas. Great credit is due the teacher, Mrs. R. P. Goin, for the high standing of this class. The pupils and patrons of the school are pleased to learn that Mrs. Goin has concluded to teach the coming school year. Toledo is proud of the showing made by all the teaches the past year. Principal Weber will stay with us another year, as will also Mrs. Goin and Miss Edith Harrison. Misses Sharman, Merrell and Copeland will not be with us, not because they were not urged but because of other duties calling them. They are all first class instructors and all regret having them leave us. We have not learned the names of the new members of the teaching corps for next year. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
