

Lincoln County Leader.

VOLUME 19

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, JULY 7 1911

NUMBER 20

COUNTY NEWS

News of each Community Gathered each week by Our Rustling Associate Editors

Waldport.

The Condor, Wilhelmina and Gerald C were all in last week and all crossed out Sunday.

We were certainly favored with a fine crowd for the celebration. Good order prevailed and nothing happened to mar the occasion.

Sheriff Geer made a good umpire for the ball game, being called upon to render some very close decisions.

The ball game resulted in a score of seven to five in favor of Toledo. The game was of the snappy order and all the Toledo boys unite in saying that Chapin who pitched for the locals is the hardest man they have been against this season. If this is so, can't we arrange a game for fair time?

Dr. C. E. Linton delivered the oration touching very lightly upon the usual war topics and enlarging upon the beauty and prosperity of the country we are so fortunate as to occupy. The literary exercises and musical numbers on the program were well rendered and very much appreciated, reflecting credit on the committee in charge.

Catcher Goodell of the Toledo team was hit by a pitched ball in the seventh inning but showed his pluck by remaining in the game. He was struck on the left side of the head just over the ear.

Ona

Mr. Cassidy was through this part of the country one day last week, taking orders for groceries for E. G. Helms of Portland. This makes the fourth year he has been through here.

E. S. Oakland and Carl Hendrickson made the round trip to Yaquina and back Saturday.

Although it rained Sunday the Childrens' Day exercises were well attended.

Mr. Durbin brought about 46 over from Waldport to meet with the people. There were also a few down from Drift Creek.

Miss Brooks spent Sunday with Emma Simonson.

Dan Hendrickson came home Saturday from Toledo.

Grover Doty is taking his fish house out of the drift where it floated in sometime last Winter.

Carrie Wheelock and C. Olson spent Sunday at E. S. Oakland's.

The gardens are all looking brighter since the rains.

Little Elk.

We are very glad to have a little rain, but would like to have a little good weather until the grass hay is in the barns.

T. F. Willoughby has rented the Baxter place, buying the stock. Frank is a favorite among the boys as well as the older people and we all wish him success.

Mrs. G. H. Willoughby's father and mother, Mr. and Mrs. Pentico, are here from the east to spend a few months with their daughter.

Mrs. Nellie Jenkins is visiting her parents, Mr. and Mrs. Wm. Wakefield, also her two sisters, Mrs. Robbins and Mrs. Hamar, who are near Eddyville.

The Eddyville people had a big time the Fourth. No sports or fireworks at all. We all enjoyed

the firecrackers and all such things and we believe in spending this holiday in the good, old-fashioned way so very few of the Little Elk people attended.

The road crew is now laying off and will probably continue so until after haying.

John Veit was up in this neighborhood this week and bought a fine Jersey calf of S. T. Loudon.

Mrs. Staffin is spending the Fourth in Portland.

E. A. Willoughby and sons have just bought a new mower and rake so we will surely see some hay cut soon.

That Siletz Road Machinery

Siletz, Or., June 29, 1911.

Editor Leader:—I enclose two letters which I wish you to publish in regard to the recent purchase of road machinery by this district.

Yours very truly,

W. C. FISCHER.

Portland, Or., May 31, 1911.

Mr. W. C. Fischer, Siletz, Oregon.

Dear Sir:—We acknowledge receipt of yours of the 27th, and will say in reply that we notice from your letter that you have read a letter written to Hon. Chas. H. Gardner, which he received from us, and will say that as far as we are concerned we cannot prevent any one from using this letter who sees fit to do so. It contains nothing but facts from beginning to end. The writer was in Siletz recently and we advised Mr. Hall and Mr. Kentta that we thought that they should have notified us that they bought their equipment instead of going away without getting figures on what we had to offer. We are positive that we could have saved them at least \$1000 in the equipment that they purchased. We will enclose you copy of the letter that you mention and if there is any other information that you wish, we will be glad to take the matter up with you further.

Yours very truly,
BEALL & COMPANY,
By Geo. Royer.

Portland, Or., May 2, 1911.

Hon. Chas. H. Gardner, Toledo, Or.

Dear Sir:—When the committee was in from Siletz and were going to buy some machinery we had some figures made up for them, but it seems they bought the machinery without giving us an opportunity of submitting prices on their requirements.

In the first place we showed the traction engines and told them about the cost f.o.b Toledo, then afterwards we took them out to see the Hammond Drag working and they found the traction engine would not be suitable for working this drag so we advised them that we would get figures on donkey engines and other machinery and be prepared to quote them the next day, but as they failed to call on us we naturally did not have a look in and was never able to quote them prices.

Here are the figures we would have made them on certain machinery as wanted by them.

50 to 60 h. p. Donkey in good condition, now working and doing first class work, with over 1200 feet pulling cable and 300 feet of rehaul cable with the latest Hammond Drag.

One 16 h. p. Compound Russell traction engine. The engine guaranteed just the same as new. In

fact, the engine has not been run 100 days, together with one No. 1 latest improved steel frame Angora Rock Crusher with 12 ft. 30 in. screen with dust jacket and with 24 foot elevator. Delivered f.o.b. Toledo., Oregon. \$4250. for the entire outfit.

This you understand is figured on a 16 h. p. engine virtually new. Now we could furnish them the same outfit only with second hand 16 h. p. Pitts engine at \$3750 f.o.b. Toledo. Then if the cheaper crusher is wanted, with toggles, we could reduce the price to \$3350 for the goods f.o.b. Toledo, and it seems to us, if we have been correctly informed, that the outfit they are buying will cost them \$5000 delivered at Toledo, and we doubt whether the second hand Pitts traction engine they bought is as good as we would have been able to offer them, and we are positive that the second hand engine is not to be compared with the slightly used Russell engine that we are able to offer them so that taking the outfit we would have offered them, or tried to sell them, would have cost \$4250 for the goods delivered at Toledo. This price included the 16 h. p. slightly used Russell engine. Then on the other hand if they would accept a toggle machine and the secondhand Pitts engine we could have made the price \$3350. We cannot understand why these gentlemen did not give us an opportunity to at least quote them prices on their requirements.

The writer will probably make a trip to Toledo before very long and we are certainly going to try and find out why this stuff was bought without giving us an opportunity of quoting.

You understand when these gentlemen first called on us we were uncertain as to what was the best power to drive this drag and for that reason we took them out into the country to see the drag in operation for the sole purpose of finding out what was the best equipment for them to figure on and then after we returned to the city we advised them that we would look up the necessary equipment for them and be able to quote them prices the next day, but we waited several days and not a one of them showed up, except that we understood from the Hammond Mfg. Co. that they were not going to buy the crusher of Beall & Company because we were asking too much money for our crusher, and naturally could not say truthfully that we were asking too much money for them. The only prices that we had mentioned was at the time we were at Siletz and the writer estimated the cost of the equipment, which was in the neighborhood of \$5000. We were figuring on a good, heavy traction engine and on a crusher with at least a 30 foot elevator and with the Hammond Drag, but after finding that the drag could not be handled successfully with the heavy traction engine, but would have to be handled with a donkey, we then figured out the different price putting the goods in at the very lowest possible prices in order to get the business. However, as we never had an opportunity of submitting our figures, of course we could not expect to get the business.

Trusting you will find this explanation satisfactory, we beg to re-

main,
Very truly yours,
BEALL & COMPANY,
By Geo. Royer.

Died.

NYE—At the family home, four miles northwest of Toledo, Friday morning, June 30, 1911, John J. Nye, aged 79 years, 5 months and 28 days.

Deceased was born in Perrysberg, Ohio, January 2, 1831. He drove an ox team across the plains in 1859, and for five years he followed mining in British Columbia. He enlisted in Company A., Captain Lafallete, Infantry of Oregon Volunteers on the 2d day of December, 1864, and was honorably discharged on the 13th day of June, 1866.

He learned the tailor trade in Cincinnati, Ohio, in 1868. He took up a preemption of 160 acres of land north of Newport, known as Nye Creek, at the present time.

In 1870 he went back to Warsaw, Indiana, and was married to Olive J. Stinson on the 25th day of May, 1871, and came back to Oregon and took up the occupation of farming and tailoring till the fall of 1875 when he came to Yaquina bay and took up a homestead of 160 acres of land four miles east of Newport, where he has resided until his death.

He leaves a wife and 8 children, 7 sons and one daughter. They are, Miss Zoa Nye of Seattle, Wash.; Earl, Frank, Otto, Arthur and John of Toledo and Andrew Nye, residing on the home farm.

Funeral services were held at the home Sunday at 12 o'clock noon, and interment was made in the Newport cemetery in the afternoon.

VANDERPOOL—At her home east of Yaquina City, Saturday July 1, 1911, Mrs. Marie Meinert Vanderpool, aged 26 years 9 months and 15 days, of tuberculosis.

Miss Marie Meinert was born at Albany, Oregon, September 16, 1884. Her parents both died several years ago, and she made her home with her uncles. She came to Toledo about three years ago and has made her home at this place and at Newport until last January when she was married to Charles E. Vanderpool, since they have lived on the deceased's farm near Yaquina.

The body was brought to Toledo Saturday evening and prepared for shipment to Albany on Sunday evening's excursion train. Interment was made at Albany the 3d.

NOTICE TO STOCKHOLDERS.

Notice is hereby given that the annual meeting of the stockholders of the Toledo Light, Power and Manufacturing Company will be held at the office of the president, J. F. Stewart, in Toledo, Oregon, on Monday, August 28th, 1911, at the hour of 8 o'clock p. m.

J. F. Stewart, President.

Attest: H. L. Collins, Secy.

Barber Shupe went to his home in Portland Sunday evening to spend the Fourth.

Miss Mildred Benson, after a visit of several weeks at the home of Mr. and Mrs. Arthur Nye, returned Wednesday morning to her home in Seattle.

House of three rooms and wood shed, electric lighted and convenient; close in. Cheap; cash or terms. Also 80 acre ranch on bay for sale or exchange. Address owner, Box 360, Toledo, Or.

ELK CITY 7; TOLEDO 10.

Elk City came down last Sunday to give the Toledo bunch another skinning, but in this they were badly fooled, for the home team put one over them to the tune of 10 to 7. Things were running along smoothly with Toledo one a head until the first of the fifth when Charley Van Orden came to bat, he got a ball just right and landed on it with a full head of steam, the ball went out of sight, and before the fielder could locate it Charley was standing on the home plate. Billy Simpson came next to bat and it seems he had caught the spirit, so he landed on the first ball and sent it out of sight in the other direction. He also loped home before the ball could be reached. These two were the biggest hits ever made on the Toledo diamond. These two home runs in succession seemed to make the Toledo boys mad for in the next inning they made four runs and in the next one. The boys on both sides made some errors but taken as a whole they played a rattling good game. The lineup and score by innings follows:

	Elk City	Toledo
Elk City	1	2
Simpson	p	Kackley
Fuller	c	Brown
Van Orden, Chas	ss	Ross
Gillespie	1b	Goodell
Goodell	2b	Leggett
Davis	3b	Moore
Van Orden, Clyde	lf	Carson
Parks	cf	Plank
Dalaba	rf	Shupe
Umpire, Geer.		
Innings	1 2 3 4 5 6 7 8 9	
Elk City	0 3 0 0 2 1 0 1 0-7	
Toledo	1 0 2 1 1 4 1 0 0-10	

WALDPOR 5; TOLEDO 7.

In the ball game at Waldport the Fourth between Toledo and Waldport teams Toledo came out victorious by a score of 7 to 5. The Toledo boys arrived home safely and are all united in the praise of the Waldport citizens and especially the ball team for the royal, good time shown them. The boys say they had a hard team to buck up against and had no cinch in winning. Waldport has a fast battery in Nerton and Chapin, and their support was there with the real goods at all times. The game was clean and our boys have hopes that they may have another game with them in the near future. They are trying to arrange one or more games during the fair. Sheriff Geer and Postmaster Keady acted as umpires.

The following is the way it happened:

	Waldport	Toledo
Waldport	1	2
Chapin	p	Kackley
Norton	c	A Goodell
Daugherty	ss	Ross
Yerex	1b	Van Orden
A Kent	2b	J Goodell
Jones	3b	Moore
H Gillies	lf	Carson
W Kent	cf	Plank
Olmstead	rf	Davis
Umpires, Keady and Geer.		
Innings	1 2 3 4 5 6 7 8 9	
Waldport	0 0 4 0 0 0 1 0 0-5	
Toledo	1 1 3 0 1 0 1 0 0-7	

The ladies of St. John's Guild will in the near future give a dairy lunch and milk maid drill.

Will Hoefflein is building a cottage on Graham street on lots recently purchased of Mrs. C. G. Copeland, near the water tank.

L. E. Casteel & Co., of Yaquina, will have a closing out sale, beginning July the 15th and running to the 15th of August. See their ad in this issue.

Mr. and Mrs. Lee Bartholomew and family departed yesterday afternoon for their future home at Corvallis. The best wishes of our citizens go with them.
