(The new game laws regarding pigeons is as follows: "It shall be unlawful at any time between the first day of January and the first day of September of any year to take, kill, injure, destroy, or have in possession, or take, sell, or offer for sale, barter, or exchange, any doves, or wild pigeons."—Ed.)

Coming. Coming.

What promises to be the musical event of the season here is the concert, followed by a dance, at Woodmen Hall on Wednesday evening, August 2d, in which Herr F. Hanlein, late cellist of the German Hussars and direct from Berlin, Germany, will be heard in several selections, supported by Mr. Shed Rosebrook, late violin soloist at the Heilig and Pantages theatres, Portland, and Mrs. Mae Rosebrook, pianist.

The coming of Herr Hanlein to Toledo will mean much to lovers of good music as his reputation is world wide and he is the first star of magnitude to be heard in concert here. Critics abroad and in the East unite in praise of his marvelous ability. His touch is that of a wizard; he enchants his audience with his marvelous bowing and style. In his selections he has chosen wisely, his principal solo being the wonderful "Fantasie On Airs," from Euryanthe, by Weber. In other selections of equal merit he scores many encores.

Mr. Rosebrook is widely known as a violinist of rare merit, having appeared as soloist in several of the principal theatres of the West Coast, notably the Heilig and Pantages at Portland. His work bears distinctiveness and his handling of his instrument has been complemented by artists whom he has supported in local engagements. His solos will add much to the program and in the concert numbers he plays a principal part.

Mrs. May Rosebrook, while ostensibly appearing as accompanist, will offer at least one of the solos which were so well liked in concert offered by Portland musical societies in the past season.

Following the concert a dance will be given, special orchestra effects being offered. Because of the large guarantee needed to bring Herr Hanlein to Toledo, fifty cents will be charged, and dance reservations can be made for an additional fifty cents a couple, immediately upon the conclusion of the concert.

Henry C. Hays, constable of Los Angeles township, was in Toledo Tuesday. Mr. Hays is so well impressed with Lincoln county that he purchased a piece of property near Waldport while here.

DR. NORTH SUSPECTED.

Last Sunday evening Sheriff Geer and Deputy Ross went to Eddyville and arrested Dr. North, a dentist formerly of this place, and turned him over to Sheriff Gellatly of Benton county. Dr. North is suspected of the crime of murdering Mrs. Eliza A. Griffith, a widow, who was murdered at her home near Philomath on the night of June 2d. The Doctor had been at Philomath for some weeks doing dental work and had returned to his homestead near Eddyville the latter part of last week. Suspicion was first directed to Dr. North when a minister at whose house North was staying a few nights after the murder heard him walking the floor and murmuring, "Oh, why did I do it?" Detectives have been following the case from this statement of the minister.

Mrs. Griffith's body was found the day after the murder in a shallow pond a quarter of a mile from her home. On June 6 the coroner's jury investigating the crime found that Mrs. Griffith was killed by strangulation by persons unknown to them.

The appearance of the widow's home with contents of bureau drawers scattered on the floor, furniture thrown about and open pocket-books and papers topsy-turvy in the rooms caused the belief that murder was committed with robbery as the motive.

The day before her death Mrs. Griffith had sold her farm and it was generally known in the neighborhood that she was to receive \$1000 in cash.

She had received the money and deposited it in the bank at Philomath. The certificate of deposit was found among the scattered papers.

Later—At the preliminary examination before a justice of the peace at Corvallis yesterday, Dr. North was cleared of the charges, as there was no evidence to connect him with the crime.

TO THE FARMERS.

At present I am receiving quite a few letters of inquiry in regard to Lincoln county Farms, improved and unimproved land. R. N. Warnock brought his family out from their homestead on Euchre mountain the first of the week. The family will go to Southern Oregon in the interest of Mrs. Warnock's health, which has not been of the best. If her health improves they will return home early this Fall.

HOWELL—HARRISON.

Married—At Portland, Thursday evening, July 20, 1911, R. H. Howell and Miss Edith Harrison, both of Toledo.

County Clerk Howell and Miss Harrison surely sprung a surprise on their many friends in this county—except a very few, who were "put wise"—by their marriage in Portland last evening. Of course the couple has been "under suspicion" for some time, but their friends did not imagine the event was to be consummated so soon. However, their many friends all over the county will join in wishing them a happy, prosperous journey over life's sea. Miss Harrison went to Centralia, Washington, last Sunday evening where her mother and sisters live. Mr. Howell followed up Wednesday afternoon and they met in Portland. After a brief honeymoon they will return to Toledo next Tuesday. They will reside in the Chambers cottage on upper Second street, near the new schoolhouse.

Mr. Howell is Lincoln county's efficient County Clerk, and served the county one term as Assessor. He has spent most of his life in this county, residing until assuming his duties as a county official at Waldport. The bride is also a native of this county, having resided for many years near Waldport. She has for the past several terms been a teacher in Toledo's schools. She is one of Toledo's most beautiful and popular young ladies.

LYNN—RICH.

A quite wedding was performed at the courthouse Tuesday afternoon at 1:30 o'clock when Hon. C. H. Gardner, county judge, in the presence of but two friends, united in marriage the pretty Miss Mabel Rich and Charles E. Lynn, both of Newport.

Mr. Lynn is a former Polk county boy, having lived in Dallas for a number of years where his and mother still reside.

Mrs. Lynn is a daughter of Mr. and Mrs. W. E. Rich, formerly of this city by now of Newport, and has a host of friends here, at Newport and at Corvallis, where the family resided, who will wish her all happiness in her new venture.

Mr. Lynn has a host of friends living in Polk and Marion counties and the happy couple left on the two o'clock train for Salem and Dallas where they will spend their honeymoon.

Mr. and Mrs. Lynn will perhaps locate in Dallas and make that city their future home.

The Leader joins their many friends in wishing them a joyous, prosperous journey through life.

ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything I could hear of for my cough and was under treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds, and all bronchial affections. 50c. and \$1.00. Trial bottle free at Toledo Drug Co.

Some thirty or forty of the most progressive citizens of Toledo and surrounding vicinity met at the courthouse last Tuesday evening to learn of and discuss the proposed Toledo-Siletz railroad. Joseph Swearingen, as president of the Development League, called the meeting to order and presided. J. F. Stewart, one of the promoters of the enterprise, told of the present plans and spoke of the probable results to be obtained when the local citizens have secured the rights of way and terminals. He was followed by Dr. M. M. Davis of Newport, and others, who made good, enthusiastic talks on the subject. On a vote being taken by the meeting as to whether the enterprise as started by the committee was a good one and whether it was the desire of the people that the work should be pushed ahead until the object was obtained, resulted in the vote being almost unanimous. Every progressive man in the county we believe will do everything in their power to assist this movement and the committee should have no trouble in securing the necessary rights of way. The proposition of Mr. Garland, who met with our people last week and signed contracts to build the railroad, is a good, liberal offer, and one wherein the people of this section can not possibly lose as he guarantees to commence construction of the road within 60 days after the options and rights of way are secured, and to fully complete and equip the railroad within one year. The people give him nothing until the road is completed and equipped then the right of way and terminals revert to the railroad. Toledo wants the Siletz timber to come out this way to the markets and we believe the only way to get it is to assist in getting a railroad into it.

Superintendent K. C. Egbert returned Wednesday from a visit to Portland.

Charles Blacketer returned Wednesday evening from a visit to the Valley.

The Misses Graham of Corvallis passed through to Newport Wednesday evening.
