Henry C. Hayes of Los Angeles visited us last week. Mr. Hays is a property owner in this vicinity.

J. W. Gaskill representing the Centennial History has been interviewing some of the citizens of Waldport.

J. H. Conrad and wife have gone to Brownsville where they expect to remain until fair time.

The Wilhelmina came in Sunday with a load of machinery and supplies.

B. W. Johnson postmaster at Corvallis is spending a few weeks at the Yachats.

Dr. J. B. Olmstead of Portland has been with us the last two weeks.

Frank Churchill of Roseburg is occupying the Conrad cottage for the summer.

Claus Ludemann and Earl McMillan returned last week from Portland where they went to purchase machinery for a sawmill to be erected in the near future.

W. F. Keady returned Thursday from a visit to Toledo where he attended a meeting of the Lincoln County Fair Association. Mr. Keady reports a very enthusiastic meeting and predicts a bigger and better fair this season. Waldport and vicinity should get busy and send in as large and select an exhibit as any section of Lincoln County. Get busy neighbors. We can do it.

### Ray View.

Mesdames E. C. and L. L. Rowin and Mrs. W. Lonsdale of Waldport were visitors at Burt Twombly's Friday.

Mr. and Mrs. Oakland spent Sunday with Hansons on Drift Creek.

Carl Hendrickson and Albert Oakland went to the Yachats on their bicycles last Sunday.

Mr. and Mrs. Walter Kent were Ray View visitors Saturday.

The farmers are all very busy in the hay fields now-a-days, though some of them have finished hauling in their hay.

William McWillis is still quite ill. The doctor was called again last Friday.

Mr. and Mrs. Garret are visiting at the home of H. J. Simonson's, the latter being a daughter of Mr. Simonson.

Sunday was the warmest day that we have had for some time. Something like Eastern weather.

### Abe Lincoln School.

County Commissioner C. N. Thompson spent Monday and Tuesday with A. M. Wheelock.

Grass hay about all put away and oat hay about ready to cut.

N. Hanson of Waldport and a Mr. Falls from Portland were looking over Drift Creek property the first of the week.

It is reported that Bert Edwards has sold out his homestead and is going to Kansas.

J. C. Ludemann and wife of Waldport passed through Monday on their way to visit S. Sagendorf of Linville.

Salmon trout weighing from one pound to a pound and a half are quite common now.

### Kernville.

Ray Ring's mother of Medford has been prostrated the heat and it is feared she will not recover.

Mr. and Mrs. John Bones and Mrs. Gilson are visiting friends and relatives at Siletz.

Walter Bones and family, of Dallas, are visiting at the home of his father, J. A. Bones.

Mr. and Mrs. George Cutler and daughter of Dallas have arrived in their automobile for their usual summer vacation at the seaside.

The sawmill of G. S. Parmele & Sons is now equipped with five engines, and the whistling of the donkey up Drift Creek is often heard, as the logs are being pushed into the stream to be floated to the mill and be converted into lumber.

While intensive heat is being reported throughout the United States, the people living near Siletz Bay are keeping cool with the bracing ocean breezes. Today, July 24, the thermometer records only 92 degrees in the sun and 56 degrees in the shade. No danger of sunstroke in this region.

### BASEBALL SUNDAY.

Next Sunday Newport and Toledo will cross bats on the local diamond. Better go and see a good game.

### ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything I could hear of for my cough and was under treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds, and all bronchial affections. 50c. and \$1.00. Trial bottle free at Toledo Drug Co.

### That Committee's Report.

We, the undersigned committee, wish to reply to, and try to set right some of the prevarications published in the Leader by the Honorable W. C. Fischer of this place and Beal & Company of Portland. The readers of this paper will remember that in the latter part of June, W. C. Fischer had published an article stating that the purchasing committee of road district No. 15 had never made a report of what they had done or purchased in the line of machinery. He was mistaken in this as we wrote a report of all business transacted and had it before the public within three days after our arrival home. It was placed at the postoffice and everybody that wished to look it over could do so and twenty six taxpayers signed the same, as it was put in the form of a petition asking the County Court to aid us in purchasing said machinery for this district.

The truth of the matter is that the said W. C. Fischer was so angry about us purchasing this machinery that he would not ask to see this report, nor would he come in to look it over. It has been said that he even asked one of the men that had signed said petition to withdraw his name from it. In the July 7th issue of this paper he had published two letters from Beal & Company, per their man, George Royer, complaining about the said committee for not giving them a chance to quote their prices on road machinery.

We are here to state that we went to Beal & Co.'s office and then went and saw one of their crushers working, returned to their office the next morning and asked them to quote us prices on their crushers, and we waited there about one and one half hours, for them to give us their prices, and during this time we asked them three different times for prices, and they always changed the subject and asked us to wait until they could quote us prices on steam engines and second hand donkeys, which we told them we wished to look at personally and to thoroughly investigate, as we had promised the people at Siletz, we would do. Mr. Royer told several people at Siletz while here the last trip that the committee had used the Beal & Company's auto a whole day and that they did not even offer to pay for the use of it. That is another falsehood of his as we offered to pay (Mr. Felsnauhty, Mr. Beal's partner) at two different times for the use of their machine and each time he refused to accept any pay whatever.

Mr. Royer quoted a price of \$2250 f.o.b. Toledo, for a 9x10 Aurora portable crusher at our road meeting held here in April, and that was the only price we could get from Beal & Company.

The other two companies we asked for prices quoted them to us in a good upright business manner, by us merely asking them once. They were as follows: Buffalo Pitts Co. a 9x10 Reliance portable crusher, \$1650.00 f.o.b. Toledo. The Beach Mfg. Co. a 9x10 Fort Wayne portable crusher \$1500.00 f.o.b. Toledo, and we accepted this offer. We saw all three of the above crushers working and were unanimous in preferring the Buffalo Pitts Reliance and the Beach Mfg. Co.'s Fort Wayne in the place of Beal's and & Co.'s Aurora crusher.

We visited the Russell & Co. engine salesroom with Mr. Royer and the \$1450.00 was the best price they could quote us on a second hand 16 h. p. engine. We bought good second hand Buffalo Pitts engine for \$700.00 f.o.b. Portland and it is doing our work in first class shape.

The committee feels sure that we have a better outfit than Beal & Co. could have sold us, and that we bought it for less money than they could have furnished an equally an outfit for.

When Mr. Royer was in Siletz the second time he told other parties how he was going to tell THAT COMMITTEE a few things, but he evidently forgot it when he talked with two of that committee. He however told W. S. Hall about the fine second hand donkey he had looked up for us, a 50 to 60 h. p. Ledger-wood in good condition and doing work. Mr. Hall and an expert engineer looked over and examined this same donkey and the expert declared it worth about \$400. and Mr. Royer was willing to let the committee have it CHEAP at \$1200. We were offered this same donkey for \$1100. by the man that owned it. Mr. Royer only wanted \$100. for his trouble. That looks like he was letting the committee have things cheap, as he states in his published letters.

In conclusion we wish to say that we now have our complete outfit at work and on a steady ten hours run can crush 140 yards of rock and gravel and that every part of the outfit does very satisfactory work. We remain,

Very respectfully yours,  
JOHN KENTTA,  
P. H. ELTING,  
W. S. HALL.
