Waldport.

Wood is two dollars a rick at Waldport and scarce at that. Why don't some enterprising citizen open a wood yard?

The Whist club enjoyed another meeting Wednesday evening. Quite a number of new members have come in.

Early spring flowers are in bloom and we are all waiting for gardening time.

Waldport recently had a coal oil famine, the electric light franchise failed to shine like a well regulated franchise should. We are looking forward with hopes.

Nominating petitions have commenced to appear and a little later will expect to see a few of the candidates themselves. Any candidate who is able to corral the erratic vote of the south end is entitled to the candy.

Mr. Watters of San Francisco made some of our older folks feel young last week by fitting their eyes with new glasses.

W. J. Cline went to the Valley the first of last week and brought back three as fine goats as anyone would wish to see. He paid a fine price for them. He got them of Guthrie Bros. of Dallas. The buck is one of the best on the fair circuit of the Northwest. The price paid for the three, two nannies and one buck, was one hundred dollars. We like to see such stock come to this part of the country. Wheeler says he will make things look good at the Lincoln County fair next Fall.

The old gentleman Sijota is very poorly. He is 85 years old.

Matt Sijota went to Wisconsin on a visit. He writes back that it was 40 degrees below zero and he could not stand such cold weather. He is coming back to Lincoln county where the grass is green the whole year round.

Archie Stephens will teach the Sijota school. Will begin in about two weeks.

The tramps are going through the county begging something to eat and sleeping wherever night overtakes them. If our county could have some public work and compel them to work for what they eat we could find out which are the honest ones.

Willoughby for dairying purposes. N. T. Hibben has sold his homestead right to Mr. Garvin, who recently arrived from Pennsylvania. This is new land situated north of town, and the purchase price is given at \$500.

It seems that something or someone is taking delight in meddling with the mail, which is put into mail boxes along the way for mail-carriers to gather up. In some instances the letter is torn open, contents taken, envelope thrown on the ground. Again money and stamps taken. Whoever the party is, remember that Uncle Sam is big and strong.

Tidewater

There was a party or dance at Nick Ludeman's place at Tidewater on the 22d. All had an enjoyable time, so it is reported.

Bert Twombly returned home after a week's visit with M. A. Beem

Spring is now upon us from the looks of vegetation. The honey suckle and the roses are all putting forth their leaves and the buds on the fruit trees are all swollen and it seems it is rather early yet and we read of it being below zero in the middle west. It is enough to make one rejoice that he lives in Oregon.

Messrs. Ludeman and McMillen of Tidewater have their water

wheel ready for business. Now we do hope it will be a success.
