The Newport life boat came down Saturday and remained five hours.

There is a good run of Tom cod in Alsea bay this season.

The forest service has announced that the Yachats trail running from Waldport to the North Fork will be opened soon. This will be a great accommodation to those who live on the upper Yachats, as it cuts off nine miles between Waldport and the North Fork bridge, and shortens the distance from Waldport to Fisher to 18 miles. Residents of the district are talking of asking for a mail route over this trail.

Salmon fishing on Alsea bay began Monday evening and various catches are reported. Willard Doty was high boat with something over a hundred fish but these were not all caught drifting as Mr. Doty uses several set nets. James Gates, deputy warden, was on hand to see that things went off according to law but he was as much out of place as a colored person would be in a Saint Patrick's Day parade, for we all have due respect for the strong arm of the law. Because a few cakes of ice were sent up the river a day or two before the season it was rumored that some illegal fishing was being done, but these rumors were without foundation.

A picture of Waldport's baseball team appeared in last Sunday's Journal.

F. C. Barnes of Portland came down to Waldport to superintend the opening of his cannery here. The outlook is favorable for a busy season and the cannery has been enlarged.

Otis

The temperance rally given at the mouth of Ocean Side Lake was well attended and a good program of two hours' duration was rendered.

Miss Nellie Nixon was visiting home folks Saturday and Sunday.

While F. H. Phillips was visiting at Rose Lodge he found Mr. Gortons in a very critical condition—having muscular rheumatism and is badly paralyzed so badly that he cannot talk. Mr. Gorton's two boys have been doing all they could for him. Mr. Phillips and Clarence Parmele sent him to Clarence's place where they will help the boys out in caring for their father. Anyone wishing to help in this work can do so. Victor Hill's new house is nearly completed.

We in this part are getting tired of paying out hundreds of dollars for seed grain when we can grow it ourselves. There has been arrangements made for getting in a threshing machine this year. We will have automobiles next. Watch us grow!

At the last meeting of the Eddyville grange, held July 13th, the debate was pulled off as expected. The question, "Resolved, That the Herd Law Would Be Detrimental to Lincoln County," was argued from both sides by good speakers, but it was decided unanimously in favor of the negative. Eddyville grange seems to be up to date in every way. The members are all alive and hustling.

The ball game at Nortons Sunday, the 14th, resulted in another victory for Eddyville, although our Nortons correspondent stated in last week's items that the Nortons team would have had things easy on July 4th only they needed more practice. In last Sunday's game they thought they might need the help of Pitcher Farmers of Corvallis so they imported him, but when Wilson fanned for the third out in the ninth the score stood 11 to 10 in favor of Eddyville. A very rough ground was the cause of the large score. Daisy was in good shape and did not walk nor hit a man and held himself together when Catcher Horner went up in the air. Outfielder Axtell was in the game and his hitting and baserunning were the main features of the game. He got four safe hits in five times to bat and stole four bases. Struck out by Daisy, 9; by Nash and Farmers, 10; bases on balls, off Nash and Farmers, 2.

Eddyville has played seven games and won five, lost one and tied in one. A very good record so far.
