**AMERICA'S FINEST FLOURING MILLS**

**IN FISHER'S BLEND FLOUR** we have striven to produce a breadstuf that is beyond all competition. True, it costs the buyer a little more than other brands, but he can't object, because it gives him better bread value.

In actual baking tests conducted in impartial Eastern laboratories under scientific conditions, Fisher's Blend Flour has repeatedly proved that it will bake more and larger loaves of better bread to the given quantity than any other flour on the market today.

We stand ready to prove this to the satisfaction of every person desiring proof.

Fisher's Blend is not a cheap flour, from the purchase price standpoint, but it is the cheapest flour you can buy, if you are after results, value and efficiency.
