The railroad company discontinued the noon train last Saturday.

A. Ford of Newport was a county seat visitor last Monday.

Deputy Game Warden Gatens was up from Newport last Wednesday.

Joseph Bryant and family of Siletz were in the city last Monday.

Capt. Henry Nice of Lutjens was a passenger on Wednesday morning's train.

Merchant Henry Lewis went to Portland Wednesday morning to be gone until Monday.

Our fishermen have been having great sport among the salmon trout the past few days. Good catches are being made.

Miss Blanche Jeffereys returned Saturday evening from Portland and other Valley towns, where she had been visiting the past month.

Several loads of material for the new steel bridge across the Siletz river at the Agency has been received here. The work of hauling it over will commence right away.

L. G. Wesley, the Galloway cattle man, who left this county and moved to Freewater, in Eastern Oregon, was at the State Fair last week with his herd and carried off his usual amount of prizes.

The Launch Transit will hereafter make regular trips from Elk City to Newport, stopping at Toledo and way points, every Tuesday, Thursday and Saturday. Leaving Elk City 8 a. m., Toledo 9; returning, leaving Newport at 2 p. m.

We have a splendid, sunny location at Olssonville. Cosy 3-room cottage, tastily furnished, some dandy pieces in oak; city water; a pretty garden lot 50x100 all fenced. A dream of a home, and tremendously cheap at only \$550 cash. Can add another lot beside it at \$15 cash.

Summer and Albert Lakes in Central Oregon are to be made to yield up the wealth of salts in their waters. A Los Angeles company with very large capital has secured a long lease on 88,000 acres about these lakes and is building a refining plant for evaporating the water. It is estimated that not less than 100,000 tons of products will be secured annually.

Shipbuilder Walker has the work on the fishing schooner, which he recently sold to W. C. Hoefflein and Tellefson Bros. of Yaquina, about completed and the machinery is being installed. They expect to have the boat ready for service by the first of next week. Mr. Walker will begin the construction of another vessel, a little larger. It will also be used as a fishing boat.

Plans are well along to plant a large Polish colony in Oregon. The Polish Society of Philadelphia is seeking from 5,000 to 10,000 acres of good land in a body suited for this purpose and hopes to bring about 258 Polish families here within the coming year. The society is in correspondence with Oregon people with a view to securing such a tract.

Each and Every One a Speed Shell

The speed that breaks your targets nearer the trap. That's why Remington-UMC Steel Lined Shells have won 13 out of the 15 Handicaps held in the last three years.

The speed that gets that mile-a-minute "duck" with a shorter lead—that's why it takes over 50,000 dealers to handle the demand for Remington-UMC Steel Lined Shells.

The Shooting fraternity are speed wise. They know loose smokeless powder won't drive shot. They know that the drive depends on the compression.

The powder charge in Remington-UMC shells is gripped in steel. This lining is designed to give the exact compression necessary to send the load to the mark quickest. It insures speed—the same speed in every shell.

The steel lining is moisture proof—no dampness can get through. Jar proof—no powder can get out. Waste proof—no energy is lost.
