

Time Is Money

If you loose time you loose money, and if you save time you save money. You cannot save time unless you have time to save, and you haven't the time unless your watch will keep time. And your time piece will not keep time if it is not in condition to do so. It is my business to make them keep time. Bring them in and let me help you make money.

A CARD.

To the voters of Lincoln county: Having received the nomination for County Commissioner on the Democratic ticket, I wish to announce that "my hat is in the ring."

To those who are not personally acquainted with me I will say that I am an old resident, having been here since before Lincoln county was formed; have always taken a great interest in county affairs, especially road work, having carried the mails over our mountain roads for eight years. What little property I possess has been made right here among you by my own exertions, so your interests are my interests. If elected I promise to use my influence at all times for a business-like administration of county affairs, and, being neither owned nor controlled by any party, clique or ring, I expect to give all parts of the county equal consideration, with the best interests of the taxpayers always in view.

Yours for Economy,
Charles Allen.
