### Lincoln County Fair Association

Will meet in the Courthouse in Toledo, on Tuesday March 4th at 2 p. m. for the purpose of fixing the time for holding the coming Fair, electing officers and devising ways and means for making the Fair better than ever. Everybody invited if you are interested in good stock, fruit, agriculture, education, or the advancement of Lincoln county, be sure and attend. If you think the officers that we have not done all they should come and help get better ones. Remember this is your meeting and your Fair and if it is a failure you are to blame, if you don't begin right. All are invited and urged, especially electricians, to attend. Remember the grand success of the Fair in the past has been due largely to the ladies. So come out and assist in naming your committees and arranging your program.  
Remember the time and place and be there. C. B. Crosno, Secretary.

### Waldport

Mrs. M. S. Durbin and daughter, Thelma, are visiting in Salem.  
The best fish cars ever seen in Waldport come from the shop of Frank L. Baker, who is prepared to furnish them in all lengths. We predict that there will be a very few cars and net floats shipped into this part of the county in the future.  
A mask ball will be given Friday evening in honor of Washington's birthday.  
Several sets of the Centennial History of Oregon were delivered in Waldport last week. We note a splendid picture of Ira Bray which ought to cause a flutter if it is a well known fact that Ira is one of the eligibles of Waldport.  
House Bill 567 of the present session of the Oregon Legislature, which limits the length of drift nets to 75 fathoms does not meet with the approval of the fishermen of the Alsea. It is absolutely impossible to make a success of fishing on this bay with such a short net. One hundred and thirty fathoms would be small enough. Quite a protest has been filed.  
George Woodsum returned Wednesday evening from an agate hunt south of Cape Perpetua. George always comes back with some nice agates and this time was no exception.  
N. E. Watkins went to Corvallis to get some dental work done.  
E. D. Mauch made a business trip to Toledo Friday.  
Mrs. E. A. Willoughby took the train for the Valley Tuesday.  
R. A. Willoughby came over from Philomath Tuesday. He is going to take charge of the erection of the addition to Mr. Mauch's store.  
McGee's bridge crew arrived in Eddyville Friday and Brown's crew was taken to Nortons by the same train.  
Roger Loudon of Little Elk has quit school to take a position as clerk in Mauch's store.  
Chester Sparks came up from Toledo Tuesday.  
Mrs. Stacey spent two or three days of this week in Toledo.  
Irv. Mauch made a trip to Elk City Monday with the view of buying a band of sheep.  
C. R. Damon returned from Portland Tuesday where he has undergone an operation. He is pretty weak but feels much better.  
E. D. Mauch will begin the erection of an addition on the north side of his store his week. This is a very good indication of prosperity.  
The entertainment given last week for the benefit of a needy family, by the Ladies Aid, was a complete success. The hat collection amounted to over six dollars besides there was a quantity of home made candy and canned fruit sold.  
Some of our wise statesmen believe it would be a good plan to bond the county for a million dollars and build hard surface roads so automobiles can travel, and let future generations pay for it. This is not a square deal to saddle an immense debt on the incoming generation who have no voice in creating the debt. This seems to be extremely selfish to put a debt on a people who can't help themselves. ### Taxpayers' League

A meeting was held in this city last Tuesday afternoon, at which were present citizens from Siletz, Newport and Toledo. An organization was formed to be known as the Taxpayers' League. W. S. Hall of Siletz was chosen president and L. C. Smith of Newport, secretary. A committee consisting of S. G. Irvin, A. T. Peterson, P. H. Eiting, C. B. Crosno, W. S. Hall and R. Anderson was appointed to draft a constitution and by laws. A. L. Thomas and J. F. Stewart were appointed as a committee to wait upon the County Court and confer with that body upon the feasibility of cutting down the size of the proposed county jail.  
The meeting adjourned to meet at Newport at the call of the president.

### Elk City and Big Elk.

The following good roads maxims have been prepared by an official of the organization which is promoting a highway across the continent to be known as the Ocean to Ocean road:  
If you want to know if good roads are a good thing ask a horse. Good roads promote prosperity, bad roads promote poverty.  
If roads around a town are bad, it might as well be on an island.  
In considering road, remember that here are few towns that look good to the farmer that he will kill his horse to get there.  
Was it in your township that the ignorant pulled the sod into the middle of the road?  
Improved roads are a good trade mark for any community.  
Good roads will increase health, happiness, education, religion and morality.  
Good roads will decrease profanity, discouragement, back taxes, sheriff's sales, sorps grapes and grouches.  
Good roads invoke a blessing upon any people who build them.  
Good roads will keep people in the country and will bring city

Some of our wise statesmen believe it would be a good plan to bond the county for a million dollars and build hard surface roads so automobiles can travel, and let future generations pay for it. This is not a square deal to saddle an immense debt on the incoming generation who have no voice in creating the debt. This seems to be extremely selfish to put a debt on a people who can't help themselves. Some of the best and most prosperous towns in the state keep out of debt and only make improvements as they can pay for them. This is wise.
