Creamery a Necessity

Did you ever stop to think of it You and some of your neighbors ship your cream to outside points, you get quick returns for your shipment, you are satisfied-but did you ever stop to figure that you are paying the corporation to whom you ship a handsome subsidy to handle your cream.

Of course the contention is, that the creamery pays the freight or express charges one way: such is not the case, you pay the entire

Why not give our local condi tions consideration, is it not possible for you to interest your neighbors, organize a Co-Operative Creamery or Cheese Factory. Keep our milk at nome, manufacture our own butter and cheese, ship that out and help advertise our county. Is there any label or brand on your cream, when it is made into butter outside of the county, to tell that the cream came from Lincoln county? Not any. When you ship out butter or cheese it is branded and calls particular attention to the place where it is made, especially so if the product

is of a superior quality. Don't make the mistake of thinking that as soon as the company is organized, plant erected and manufacturing started, that thence forth you will have a continuous Rose Carnival, such is not the case, but remember this, every little difficulty and obstruction will be overcome every penny of entire cost of manufacture remains at home, our county is advertised, that creats interest and invites inquiries from outside, people come in and lock the country over, some of them invest in land, bring in more cattle and increase the county's assets.

Look into it boys it will bear One Who is Interested.

New Teachers Are Elected

Queen C. Lynn. Seventh and eighth grades, S. B. Ports of Florence, Oklahoma. Fifth and sixth grades, Miss Winifred Spencer. Third and fourth grades, Miss

Mae Clemo. Second grade, Miss Olga Peter-
