**Father Smith's Answer to Yaquina Socialists**

To the Yaquina Socialist Local: Gentlemen—When, at Yaquina I answered the question, "Why the Catholic Church Opposes Scientific Socialism," I only touched upon its MORAL aspect, and this is the only aspect of Scientific Socialism that I care to discuss. On this point, therefore, I am willing to address your body and fellow citizens at some convenient time and suitable place, in order to further substantiate the statements heretofore made by me; not, however, to "debate" the correctness of such statements, much less to become involved in an endless and useless controversy about the economic features of Scientific Socialism. This is altogether foreign to my sphere of activity. Moreover, should I come to Yaquina on the invitation of your body for above purposes, it would be altogether at my own expense and without any reimbursement from you. I would only expect polite, gentlemanly treatment which I am fully confident would be accorded me.

Respectfully yours  
(Rev.) Charles M. Smith.  
Corvallis, Or., July 28, 1913.

**Sheriff Wins Road Tax Case**

The case of E. J. Avery vs. Sheriff Geer, as tax collector, in which the plaintiff alleges that the meeting held in road district 6, for the purpose of voting a special road tax, for the year 1911, was not legally held, and asking that the Sheriff be enjoined from collecting said tax, etc., has been decided in favor of the defendant, and the costs of said action assessed to the plaintiff. The Court holds that while the meeting may have been irregular in part, the intention of the meeting was to comply with the law, and that the plaintiff cannot, after this length of time, evade the payment of said special road tax, by cause of said irregularity. The decision is an important one, inasmuch as there has been a large number who have refused to pay their special road tax, pending the decision of the Court.

They are five-shot repeaters—operated by the recoil. Always a shot ready for the emergency, for the cripple, for the deer that is getting away, or the charging beast that promises to be troublesome if you don't get him quick.
