

**There Is a Difference**

In the way you care for a watch. You may have the very best kind of a watch, but if you do not have it cleaned and oiled once in every twelve or eighteen months it will only last a few years. Why? Because the balance wheel of your watch makes 432,000 revolutions every twenty-four hours or 157,680,000 revolutions each year. You cannot expect those parts of a watch to last long unless they are cleaned and oiled. Now is the time to have that watch cleaned and oiled.

**The New School Laws**

"Have you received the new school laws?" or "I would like to get one of the new school laws" or "Send me one of the new school laws" are questions or requests that I am receiving daily and have been receiving for some time. I still say: I have not received them yet and cannot tell just when I will, but I will send them out as soon as they come. It seems to us, as though the state printer is needlessly slow but if one of us were there in his place it perhaps would be Christmas before we would have them ready to send out. The manuscripts have been in his hands for a month or so and the greater part are now printed. I have the first 168 pages in leaf form, so the time is near when they will be here.

**The New School Supervisor**

The County Educational Board met and elected a new man for the ensuing year. Prof. R. L. Black is the man that will do the greater part of the field work this year. He is a man with a great deal of ability and experience. This is the third year that supervisors have been put in the field and we have the third man to do the work. He is to receive \$100 per month and will work ten months, beginning the 15th of September.

The work of the supervisor is pleasant when weather is right and in this county it is most of the time, but the roads are sometimes bad. The benefits that are derived depend on the kind of teachers that are employed, if the teachers are strong the help is not needed, but if weak much good can be accomplished by the frequent visits. I would like to see no teacher employed except those who need but little if any help.
