COLOR ILLUSIONS.

Curious Effects From Red and Blue on a Black Background.

If on a screen of black velvet placed at a distance of ten feet from the spectator large letters are pasted, some blue, some red, they will not appear to be at an equal distance from the eyes. To some persons the red letters will seem nearer than blue letters, while to other persons the contrary effect will be manifested.

To produce this effect both eyes must be employed. When one eye is closed the letters are all seen at the same distance. On opening the other eye one set of letters immediately appears to take a position in advance of the others.

The explanation offered for this effect is that a sort of stereoscopic illusion is produced in the eye itself, depending upon color. The image of a blue object is shifted by the eye toward one side and that of a red object toward the other side.

If on looking at blue and red letters on a black background placed ten or twelve feet away you see the red letters nearer than the blue, screen off one-half of the pupil of each eye on the outside and you will see the red letters retire behind the blue ones.

If you screen the pupils on the side toward the nose you will see the red letters advance apparently still farther ahead of the blue ones.

If, on the other hand, you naturally see the blue in advance screen the inner side of the pupils of your eyes and the red will come to the front.

Beautiful effects are produced with one eye alone when, instead of letters, red or blue rings are pasted on a background of the opposite color. Placing red rings on blue paper and using the right eye with the inner side of the pupil covered the appearance is that of circular red hillocks resting on a blue ground.

To produce this effect in its highest degree the paper must be held to the left and sloping in that direction. When the outer side of the pupil is screened the red rings will become circular trenches in the blue paper.—New York Sun.

The Fair is Here

Today is the last day of the annual Lincoln County Fair. The weather every day has been ideal, and the attendance has been good, yesterday being the biggest day in point of attendance and it is expected that today will be even greater. The exhibits in number are about as at the previous fairs, and in quality, in many instances, much better than ever before. The stock sheds were not nearly full, but the quality of the stock is good. We haven't time nor space in this issue to make anything like a complete writeup of things in general, which we will attempt to do as soon as the premium books are made up and are accessible.

The school exhibits are simply grand. Much of the work done by the little folks is ahead of anything most of the grown-ups could do. Hard work, deep study and patience is shown throughout the exhibits, and the young people who contributed to these exhibits are to be congratulated on their efforts. The State Fair should have these exhibits, and we are sure some of Lincoln county's boys and girls would carry away some of the grand prizes offered.

Newport Day (Wednesday) was generously patronized by the citizens of our sister city. Fully 400 people from the Resort City spent the day here.

Yesterday was Siletz Day and we believe Siletz was almost totally deserted by the number of her citizens that were here. The "bird-men," Edward Steele and N. H. Richards, gave an exhibition, and all had an opportunity to see a "flying machine" in the air.

During every afternoon there has been horse races, and some good, speedy horses were there.

In the ball games each afternoon there was entertainment for all. The Siletz team proved the best at every game. This afternoon football between Newport and Toledo will be the game. This promises to be extra good.

In the fish booth are on display some mighty fine fish. Among them is a 133 pound sturgeon, exhibited by Ole Amundson of this place, and a whopper of a halibut, exhibited by the Ollie S.

The merry-go-round, the shows, the nigger babies and other attractions supplied the fun. The officials and committees are all doing everything to make the Fair a success and show all visitors a good time, and we believe they are doing it.

Married—At Newport, Monday, September 22, Harold Anderson and Miss Ruth Batchman, the Rev. F. O. Jones officiating.

George Sylvester of Newport was attending the Fair on Newport Day. Mr. Sylvester says he can't get along without the Leader so renewed his subscription for another year.

At the second juvenile fair recently held at Wilsonville, Or., a nine-year old boy carried off a total of 31 prizes, winning first on practically all lines of fruits and vegetables, and also took first money in the chicken display. Among the other items shown by this youthful farmer was a box of 12 pounds of American Wonder potatoes, the product of one lone spud.

Chief Johnny Williams and troupe gave a "Wild West Indian Show" at Woodmen Hall last evening for the entertainment of Fair visitors. There were about a dozen performers all dressed in native costume who furnished an exhibition of the Indian dances and songs. Among the dances given were the Sun Dance, Bear Dance, Rogue River War Dance, Medicine Man Dance, Feather Dance and several others of which we have forgotten the names. The performance was good but the attendance was light—hardly enough to pay expenses.
