Notices—For Sale, Wanted, Etc., five lines or under 25c per issue; 50c per month.  
Homestead Notices, \$5; Timber Notices, \$10.

## Results of the Election

The returns from the state election held last Tuesday, while not complete, show that all the amendments on the ballot, except the Sterilization act, carried throughout the state. The University appropriations, County Attorney act and the Workmen's Compensation act all carried by big majorities.

A very light vote was cast everywhere, except in cities and precincts where local matters interested. In Toledo precinct but 150 votes were cast. Newport cast nearly 600. That city voted "wet" by a majority of 35. Waldport also went wet by two majority. Salem went dry by over 400.

In Multnomah county they voted to build the inter-state bridge across the Columbia.

## Pontoons, Pipeing, Etc., Arrive

A freight train consisting of fourteen heavily loaded cars arrived Wednesday evening from Grays Harbor with the pontoons, pipeing, spuds and other paraphernalia for the government dredge Oregon. The work of unloading and installing this machinery was started yesterday morning, and the work of dredging the channel from Toledo to the lower end of the Toledo port district will begin right away. The port dredge Lincoln was used in unloading the machinery lifting it from the cars and placing it in the water.

## New School Supervisor

Prof. R. L. Black, who was elected supervisor for the school year 1913-14, could not stand the work, and after working one month, lacking two days—saying the walking that he would have to do was more than he could stand—handed in his resignation and departed for parts unknown. He is a man well qualified to do the work, except physically, and that is an important part in this county.

Last Friday, October 31st, the County Educational Board met and employed Prof. S. S. Gossman of Eddyville. He has all the fitness, including the walking ability that anyone might need.

He began his duties as supervisor Monday, November 3d, and will work for nine months. His division, or the districts he will visit, are in the north, east and south parts of the county. When he is in your part of the county see him, if convenient, and learn about the work he is doing.

R. P. Goin,  
Superintendent of Schools.

Full blooded Light Brahma Roosters, \$1.50 each.  
John Jacobson,  
Chitwood, Or.

## DON'T LET BABY SUFFER WITH ECZEMA AND SKIN ERUPTIONS

Babies need a perfect skin covering. Skin eruptions cause them not only intense suffering, but hinder their growth. DR. HOBSON'S ECZEMA OINTMENT can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out of the skin all over the face and scalp. Doctors and skin specialists failed to help. We tried Dr. Hobson's Eczema ointment and were overjoyed to see baby completely cured before one box was used," writes Mrs. Struber, Dubuque, Iowa. All Druggists or by mail 50c.

The Remington Cubs find that speed helps in the woods

## REMINGTON-UMC

### Steel Lined SHOT SHELLS

Cut down your lead—Get your bird with the center of the load

IN the making of shotshells, the greatest forward step since the invention of smokeless powder is the steel lining to grip the powder and concentrate all the drive of the explosion back of the shot.

It's a Remington special invention—that steel lining. You find it in Remington-UMC Arrow and Nitro Clubs. These steel lined shells get their shot to the target quicker than any other shells known to the shooting fraternity. They cut down the guess-work about lead and angles. They put the center of the load right on your bird.

The steel lining is moisture-proof—no dampness can get through. Jar-proof—no powder can get out. Waste-proof—no energy is lost. Shoot Remington-UMC Arrow and Nitro Club Steel Lined Eastern Factory Loaded Shells for Speed Plus Pattern in any make of shotgun.

Your dealer carries them—or, if he doesn't, there's a more alert dealer in this section who is worth your finding.
